TO THE HONOURABLE PAULINE M. MCGIBBON, O.C., B. A., LL.D., D.U.,
D.Hum.L., B.A.A. (Theatre), Hon. F.R.C.P.S.(C)
Lieutenant Governor of the Province of Ontario

MAY IT PLEASE YOUR HONOUR:

The undersigned has the honour to present to Your Honour the Public Accounts of the Province of Ontario for the fiscal year ended March 31, 1979, in accordance with the requirements of The Ministry of Treasury and Economics Act, 1978.

Respectfully submitted,

A handwritten signature in black ink, reading "Frank S. Miller". The signature is written in a cursive, flowing style with a large initial 'F'.

FRANK S. MILLER
*Treasurer of Ontario and
Minister of Economics*

TORONTO, SEPTEMBER 28, 1979

TREASURER'S REPORT

It is with pleasure that I present the 1978-79 Public Accounts of the Province of Ontario for the fiscal year ended March 31, 1979.

To assist readers, the organization and content of the Public Accounts is described in A Guide to Public Accounts on page 8 of this volume.

Comments or queries will be welcome and should be directed to the Financial Information and Accounting Policy Branch, Treasury Division of the Ministry of Treasury and Economics.

A handwritten signature in black ink, reading "Frank S. Miller". The signature is written in a cursive style with a large, stylized initial "F".

FRANK S. MILLER
*Treasurer of Ontario and
Minister of Economics*

A GUIDE TO PUBLIC ACCOUNTS

1. Scope of the Public Accounts

The 1978-79 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2, a supplementary volume, contains the financial statements of those provincial crown corporations, boards and commissions in which the Province has an investment or which have borrowed from the Province or from others with a guarantee by the Province. Also included are certain significant operational agencies which are funded in whole or in part by revenues generated from their operations.

Volume 3, also a supplementary volume, contains the details of expenditures required by the Standing Public Accounts Committee.

2. A Guide to Volume I of the Public Accounts

(1) Financial Statements

The financial statements of the Province are presented on a comparative basis and rounded to millions of dollars. The financial statements and notes disclose in summary, the major financial activities of the Province in the fiscal period and report on the significant aspects of financial position at the close of the fiscal period. Also included in this section is a summary of the Province's significant accounting policies.

(2) Schedules to the Financial Statements

The schedules to the financial statements report in greater detail and to the nearest dollar the content of the various financial statements. Supplementary analyses of both budgetary revenue and budgetary expenditure are provided. Also included are complete details of direct debt obligations and contingent liabilities at the fiscal year end, and a ten year review of both the Consolidated Revenue Fund and the recorded assets and liabilities.

(3) Miscellaneous Statements

Statements of certain special purpose accounts and other supplementary financial data are provided in this section. The financial statements of The Province of Ontario Savings Office, a branch of the Ministry of Revenue, also appear in this section.

(4) Ministry Statements

A Government-wide tabular Summary of Appropriations and Actual Expenditure is provided as an introduction to this section on page 89. Individual ministry reports of financial activity are provided on pages 91 to 529. The following six separate statements are presented for each ministry as applicable.

(a) "Statement of Expenditure by Program"

This Statement provides an overview of the expenditures of each ministry. It shows, by ministry program and in total for the ministry, the amount of the current year's actual expenditures which is compared with the related appropriation for the current year and the previous year's actual expenditures. Ministry totals for budgetary expenditures and disbursements and charges are also shown.

(b) "Statement of Expenditure by Program and Activity"

This statement, prepared for each ministry program, is designed to show the activities comprising the program. The appropriation for each activity is analyzed according to funds appropriated through the Expenditure Estimates or approved by Management Board and the total is compared to the actual amount spent for the fiscal year. Statutory payments are reported separately. The "program description" narrative contained in the Expenditure Estimates is included with the statement to provide the reader with a general description of the program.

(c) "Details of Expenditure by Activity and Standard Accounts Classification"

This statement reports actual ministry expenditures for each program on the basis of the Standard Accounts Classification within each activity. Statutory Appropriations and Disbursements and Charges are not Standard Accounts. Amounts required for Statutory Appropriations and Disbursements and Charges are shown, where applicable, as separate entries under the Standard Accounts Classification details relating to each Activity.

The following is a brief outline of the types of budgetary expenditures included in each of the eight Standard Accounts comprising the Standard Accounts Classification:

Salaries and Wages

Includes salaries and wages, overtime and other remuneration paid to regular, probationary, unclassified and other staff; temporary help costs; indemnities and allowances paid to Members of the Legislative Assembly; and special allowances paid to public servants.

Employee Benefits

Includes the government's contribution as an employer to the Canada Pension Plan; the Public Service Superannuation Fund; the Unemployment Insurance Fund; the Workmen's Compensation Board; and other employee benefit plans.

Transportation and Communication

Includes travelling expenses of public servants on government business and recipients of government services, such as wards of the Province; relocation expenses of public servants who are transferred or recruited; expenses of moving office furniture and equipment; costs of transportation of goods other than for initial delivery; mailing costs, such as postage and registration; and communication costs, such as telephone, telegram, and data communications.

Services

Includes information services, such as, advertising provided by professional agencies and advertising placed directly with the media; rental and the purchase, repair and maintenance of machinery, equipment, buildings, land and engineering structures; data processing services; insurance premiums; and other professional and special services.

Supplies and Equipment

Includes provision for the purchase of all machinery and equipment; both new and used; and the purchase of all materials, supplies and utilities.

Acquisition/Construction of Physical Assets

Includes all costs of acquisition and construction by contract of new and used buildings and engineering structures; and the cost of acquisition of land.

Transfer Payments

Includes grants, subsidies, assistance to persons; the business sector; non-commercial institutions; and other government bodies.

Other Transactions

Includes special transactions, such as Ontario Development Corporation—Loan forgiveness and Guarantees; and Municipal Taxes on A.R.D.A. owned property.

(d) "Statement of Budgetary Revenue"

This ministry statement reports on a comparative basis the fiscal year revenues analyzed by the thirteen standard revenue sources used in the Province's accounts. A more detailed analysis of amounts within the standard sources is provided where appropriate. All revenues are deposited to the Consolidated Revenue Fund and reporting by ministry denotes the revenue collection responsibility only.

(e) "Statement of Receipts"

This statement reports on a comparative basis the "receipts" which are the repayments of loans or recoveries of investments collected by the ministry. Reporting by a ministry generally denotes responsibility for the related loans, advances and investments made from the Consolidated Revenue Fund.

(f) "Statement of Credits"

This statement reports on a comparative basis the "credits" which are payments into deposit, trust and special purpose accounts received by the ministry. Reporting by a ministry generally denotes responsibility for the related trust administration account.

section 1

financial statements

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

THE ACCOUNTING ENTITY

In the operation of its financial affairs the Province of Ontario employs the concept of a Consolidated Revenue Fund, unique to the parliamentary system of government. The financial transactions of government ministries are recorded and displayed as Consolidated Revenue Fund cash inflows and outflows. With respect to the financial operations of provincial crown corporations, agencies, boards and commissions, the financial statements of the Consolidated Revenue Fund reflect only the extent to which their operations have been financed from or have contributed to the Fund for the year.

THE ACCOUNTING BASIS

The Province of Ontario uses the cash basis of accounting for its financial transactions, modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees for the pay period which overlaps the fiscal year end date are apportioned between the two years. The cash basis of accounting, modified as described, is used to disclose to the public the stewardship of the Government in regard to monies entrusted by appropriation, and raised through taxes and borrowing. Revenues and expenditures being unrelated in nature are matched only by timing of cash flow.

CLASSIFICATION OF TRANSACTIONS

The transactions of the Province of Ontario are presented in summary form according to the three distinct areas of government activity through the Consolidated Revenue Fund.

"Budgetary Transactions" are operational activities which include the revenues raised through taxation, premiums, fees, licences and permits, payments from the federal government under shared-cost programs and income from investments. Expenditures on government programs include payments for goods and services, interest on the public debt, salaries, transfer payments to individuals, municipalities and institutions under various social programs, subsidies and grants, and the acquisition or creation of fixed assets. The extent to which revenue exceeds or falls short of expenditure directly decreases or increases the net debt of the Province.

"Non-Budgetary Transactions" are the lending, investment and trust administration functions which include, as distinct from expenditure, the government lending and investment activity in various crown corporations, agencies and municipalities. All of these loans and advances are repayable or represent equity holdings supported by the assets of the corporations. Also included in this category is the activity within deposit, trust and certain special purpose accounts. "Disbursements" is the term used to describe the lending and investment transactions of the government. "Receipts" consist of the repayment of loans or recovery of investments. "Credits" is the term used to describe payments into deposit, trust and special purpose accounts. Payments made from these same accounts are termed "Charges".

"Debt Transactions" are the borrowing and repayment transactions which include obligations issued to both non-public and public sources of funds.

ASSETS AND LIABILITIES

The assets and liabilities reported in the financial statements are financial claims which have been created by cash transactions. The assets are claims by the Consolidated Revenue Fund on other parties. The liabilities are claims by other parties on the Consolidated Revenue Fund.

Since expenditures on fixed assets do not represent financial claims on other parties and are not considered to differ from any other service to the public they are not reported as assets but are expensed as budgetary items in the year of acquisition.

Debentures, notes and treasury bills are recorded as liabilities at the face value of the debt instrument, and discount, premium and commission expenses are treated as current year budgetary transactions. The general resources of the Province are used for the continued orderly retirement of debt and no sinking funds are maintained for this purpose.

The contingent liabilities of the Province consist of guarantees by the Treasurer of Ontario of debt instruments issued by provincial agencies, boards and commissions and bank loans under certain government programs. Other significant legal commitments and liabilities are disclosed in notes to the financial statements.

The net debt of the Province is the excess of liabilities over recorded assets. It is also the accumulation of all budgetary deficits and surpluses since Confederation. The year-to-year change in net debt is the amount by which revenues exceed or are less than budgetary expenditures.

STATEMENT OF CONSOLIDATED REVENUE FUND

for the year ended March 31, 1979

Approved on behalf of the Ministry of Treasury and Economics.

A. RENDALL DICK, Deputy Treasurer of Ontario and Deputy Minister of Economics.

G. McINTYRE, F.C.A., Executive Director, Treasury Division.

NOTES TO THE FINANCIAL STATEMENTS

(all figures in millions of dollars)

1. Cash, Temporary Investments and Marketable Securities

Temporary investments, which include obligations of Canadian chartered banks and other short-term investments, are recorded at cost. Marketable securities, which include debentures and bonds issued by the Province of Ontario and Ontario Hydro, are recorded at cost which was \$51 million at March 31, 1979 (1978 \$82 million). The market value of these securities was \$48 million at March 31, 1979 (1978 \$80 million).

2. Advances to Ontario Hydro

	1979	1978
Secured by bonds	\$3,568	\$2,901
Nuclear power generating station—Pickering	5	25
	<u>\$3,573</u>	<u>\$2,926</u>

The Province, in addition to guaranteeing Ontario Hydro debt obligations, has issued U.S. dollar debentures on behalf of Ontario Hydro. The proceeds have been advanced to Ontario Hydro in exchange for U.S. dollar bonds with the same terms and conditions as the debentures of the Province. These borrowing and lending transactions, which fall outside the Province's own budget framework, increased the Province's level of non-budgetary transactions, cash requirements and debt transactions by \$667 million (1978 \$392 million). In addition, the interest payments related to such borrowing and lending transactions increased the level of budgetary revenue and budgetary expenditure by \$244 million (1978 \$209 million).

The Province, by agreement with Ontario Hydro and Atomic Energy of Canada Limited, contributed \$100 million to the capital cost of the Pickering nuclear power generating plant and under the terms of a thirty year agreement receives payments based on the net operational advantages of the plant. These payments, which have amounted to \$95 million, have been applied entirely to reduce the advance.

3. Advances and Investments—Other Corporations, Boards and Commissions

	1979	1978
The Ontario Education Capital Aid Corporation	\$1,278	\$1,274
The Ontario Universities Capital Aid Corporation	1,204	1,232
Ontario Mortgage Corporation	630	758
Ontario Housing Corporation	352	349
Ontario Land Corporation	345	332
Development Corporations	198	179
Ontario Energy Corporation	121	100
Other	212	231
	<u>\$4,340</u>	<u>\$4,455</u>

The Ontario Education Capital Aid Corporation receives advances from the Province to purchase bonds or debentures issued by school boards for capital expansion programs. The securities held by the Corporation are the obligations of the individual school boards. However, under current support arrangements for local school boards, approved debt charges are subject to Provincial grants averaging 75%.

The Ontario Universities Capital Aid Corporation has received no new advances since March 1978 when the Province changed its capital financial support program from loans to grants for new construction in the post-secondary education sector. Under the former program the Corporation received advances from the Province to purchase bonds or debentures issued by provincial universities, colleges, the Art Gallery of Ontario, the Royal Ontario Museum and municipalities on behalf of public libraries, for approved capital construction projects. The securities held by the Corporation are the obligations of the issuing institutions. However, these institutions received annual budgetary grants in 1979 of \$116 million (1978 \$113 million) from the Province to cover the full amount of principal and interest due to the Corporation.

The Ontario Mortgage Corporation has used advances from the Province to provide primary and secondary mortgage financing for eligible persons. The Province paid subsidies amounting to \$2.5 million in 1979 (\$1.8 million in 1978) to the Corporation for certain loans made at interest rates lower than cost. Following a change in government policy, the Corporation sold \$109 million of its mortgage portfolio during the fiscal year and has made no new commitments. Further sales from the portfolio are scheduled for 1979-80.

NOTES TO THE FINANCIAL STATEMENTS—Continued

Ontario Housing Corporation plans, constructs and manages residential housing projects. Financing is provided by the Province and Central Mortgage and Housing Corporation (a federal crown corporation). Operating subsidies are shared by the Province, Central Mortgage and Housing Corporation, and municipalities. The Province's share of the subsidy for the calendar year 1978 was \$91 million (1977 \$80 million). At June 30, 1978, the Ontario Student Housing Corporation was dissolved and all assets and liabilities, including an \$8.5 million liability for advances from the Province, were assumed by the Ontario Housing Corporation. Subsequent to the year-end certain assets and liabilities were approved for transfer to the Ontario Land Corporation from the Ontario Housing Corporation retroactively effective from January 1, 1979. At March 31, 1979, the amount of the advances to be transferred from the Ontario Housing Corporation account to the Ontario Land Corporation account is approximately \$160 million.

The Ontario Land Corporation was established in 1974 to assemble land for new communities and industrial parks. In 1978 the Corporation's objects were broadened to include land development. In this connection, and as described above, certain assets of Ontario Housing Corporation including land leases, mortgages, agreements for sale and lands scheduled for residential, industrial and commercial development, were transferred along with related liabilities to the Ontario Land Corporation. In addition the Province discontinued its practice, effective October 1, 1978, of charging the Corporation interest on outstanding advances used to finance land holdings.

Ontario Development Corporation and the associated Eastern Ontario Development Corporation and Northern Ontario Development Corporation provide loans and arrange for provincial guarantees of bank loans to qualified enterprises. The Province has purchased an equity of \$7 million and has advanced all funding for the lending programs of the corporations. Through its budgetary expenditures, the Province also transfers to the corporations an amount to defray the costs of all administrative expenses, certain loan forgiveness, honouring guarantees, and writing off loans and losses due to the corporations' lending rates being lower than their borrowing rates. In 1979 these transfers amounted to \$20.8 million (1978 \$21.7 million).

Ontario Energy Corporation was established in 1975 with a \$100 million equity investment by the Province to develop energy sources for Ontario through investment in energy exploration, development and production. The Corporation's initial major involvement was a 5% equity position in Syncrude Canada Ltd. which was sold during 1978 for \$160 million. The Corporation has also been participating in the research aspects of the Polar Gas Project which is studying the movement of natural gas from the eastern high Arctic to southern markets. At March 31, 1979, the Corporation has invested \$12 million in the Polar Gas Project. Subsequent to March 31, 1979, the Province's investment in the Corporation was reduced to \$15 million equity through a repayment of advances and a repurchase of \$85 million of the share capital investment.

4. Investments in Water Treatment and Waste Control Facilities

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of agreements with the municipalities. Certain of the agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance in such funds (included in deposit, trust and reserve accounts) was \$37 million at March 31, 1979 (1978 \$41 million). Other agreements are for projects which are subject to service rate billings. The amount received from service rate billings in 1979 was \$57 million (1978 \$48 million) of which \$10.2 million (1978 \$8.3 million) was applied to reduce the investment account.

5. Other Loans and Investments

Included in other loans and investments are Ministry of Health capital construction loans to public hospitals amounting to \$236 million (1978 \$256 million). During the 1979 fiscal year, the Province made grants of \$19.1 million (1978 \$17.9 million) to assist public hospitals in meeting principal and interest payments. No new loans have been made since March 1978 when the Ministry changed its public hospitals capital financial support program from loans to grants.

6. Pension Funds

	1979	1978
Public Service Superannuation Fund	\$1,551	\$1,324
Legislative Assembly Retirement Allowances Account	16	12
	<hr/> \$1,567	<hr/> \$1,336

NOTES TO THE FINANCIAL STATEMENTS—Continued

The Province of Ontario maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less pension payments for both the Public Service Superannuation Fund and Legislative Assembly Retirement Allowances Account. The amounts recorded by the Province are essentially the sole assets of these pension plans.

Based on an actuarial report as at December 31, 1976, the Public Service Superannuation Fund had unfunded liabilities as follows:

1. An initial unfunded liability of \$83 million, upon which an interest contribution of \$6 million is required to be credited annually in accordance with The Pension Benefits Act.
2. Residual unfunded liabilities of \$422 million which are required to be amortized by annual payments of \$49 million until January 1, 1990 and \$32 million on January 1, 1991 and 1992.

As at March 31, 1979, the Province had made all scheduled payments.

An actuarial review of the Legislative Assembly Retirement Allowances Account as at March 31, 1978, reported an unfunded liability of \$3 million. In accordance with the policy of the government in regard to this account, the full amount of the unfunded liability was contributed during the year.

Teachers' Superannuation Fund:

Through the budgetary expenditures of the Ministry of Education, the Province of Ontario makes annual contributions to the Teachers' Superannuation Fund (which is administered by the Teachers' Superannuation Commission) equal in amount to contributions by members. Further, the Province is committed to paying any deficiency in the Fund.

Based on an actuarial report as at December 31, 1975, the Teachers' Superannuation Fund had unfunded liabilities as follows:

1. An initial unfunded liability of \$328 million upon which an interest contribution of \$23 million is required to be credited annually in accordance with The Pension Benefits Act.
2. Residual unfunded liabilities of \$1,069 million which are required to be amortized by annual payments of \$121 million until December 31, 1980, \$116 million from December 31, 1981 to December 31, 1989 and \$94 million on December 31, 1990.

As at March 31, 1979, the Province had made all scheduled payments.

7. Debentures and Notes

Years of Maturity, Mar. 31	1979 Payable in				1978
	Canadian Dollars	United States Dollars	Deutsche Marks	Total	Total

	<u>\$ 13,647</u>	<u>\$ 3,589</u>	<u>\$ 45</u>	<u>\$ 17,281</u>	<u>\$ 15,136</u>

The U.S. dollar debenture liability is recorded at par with the Canadian dollar and with the exception of \$21 million, has been incurred on behalf of Ontario Hydro. As explained in Note 2, the Province holds U.S. dollar bonds of Ontario Hydro having the same terms and conditions as the debentures of the Province.

NOTES TO THE FINANCIAL STATEMENTS—Concluded

The Province has borrowings of 154 million Deutsche Marks recorded at \$45 million, the Canadian dollar equivalent at the time of issue. At March 31, 1979, the Canadian dollar equivalent was \$96 million.

8. Contingent Liabilities

The Province is guarantor of certain debt obligations as follows:

	1979	1978
Debentures, bonds and notes		
Ontario Hydro.....	\$6,634	\$6,114
Other Provincial crown agencies.....	10	10
	<u>\$6,644</u>	<u>\$6,124</u>
Bank loans guaranteed		
Provincial crown agencies.....	\$ 9	\$ 9
Corporations and individuals through various government programs.....	81	79
	<u>\$ 90</u>	<u>\$ 88</u>
	<u>\$6,734</u>	<u>\$6,212</u>

9. Long-Term Leases

The Province has long-term lease commitments for accommodation amounting to \$164 million to 1984 and an additional \$117 million for years beyond 1984. The lease payments made in 1978-79 amounted to \$47 million.

10. Economic Stimulation

On April 10, 1978, the government announced a reduction in retail sales tax rates of three percentage points for a period of six months to stimulate consumption. It was estimated that retail sales tax revenues would be reduced by \$433 million. The Government of Canada has contributed two-thirds of the estimated cost of the tax reduction.

11. Change in Accounting Treatment and Comparative Figures

In the current year, the Province changed its practice of allocating the annual contributions in respect of the unfunded liabilities of the Public Service Superannuation Fund. Previously, such payments were included in their entirety in the amount reported for the Ministry of Government Services in the Statement of Budgetary Expenditure. Of the total unfunded liability payments into the Fund which amounted to \$55 million in the current year, approximately \$51 million was allocated to all ministries in the Statement of Budgetary Expenditure. The allocation of this \$51 million had no effect on the total of Budgetary Expenditure and the 1978 comparative amounts for the ministries were not restated. In a concurrent change in policy the Ministry of Government Services recovered the remaining \$4 million of the contributions from certain government agencies whose employees are members of the Public Service Superannuation Fund.

With the foregoing exception, 1978 comparative figures have been reclassified where necessary to conform with the 1979 financial statement presentation.

PROVINCIAL AUDITOR'S OPINION

I have examined the statement of assets and liabilities of the Province of Ontario as at March 31, 1979 and the statements of consolidated revenue fund, budgetary revenue, budgetary expenditure, non-budgetary transactions and debt transactions for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Province as at March 31, 1979 and the results of its operations and the changes in its financial position for the year then ended in accordance with the stated accounting policies set out in the Summary of Significant Accounting Policies on page 12 of Volume 1 of the Public Accounts. Further in my opinion, except for the changes in allocating and recovering the annual contributions in respect of the unfunded liabilities of the Public Service Superannuation Fund as referred to in Note 11 to the financial statements, such stated accounting policies have been applied on a basis consistent with that of the preceding year.

In accordance with section 12 of The Audit Act, 1977, a report will be made to the Legislative Assembly.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Toronto, September 28, 1979.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES
as at March 31, 1979

CASH, TEMPORARY INVESTMENTS AND MARKETABLE SECURITIES

	1979	1978
	\$	\$
Temporary investments	1,553,528,552	1,070,082,898
Marketable securities	51,319,146	82,061,112
Cash	(584,642,193)	(603,810,844)
	<u>1,020,205,505</u>	<u>548,333,166</u>

Temporary investments, which include obligations of Canadian chartered banks and other short-term investments, are recorded at cost. Marketable securities, which include debentures and bonds issued by the Province of Ontario and Ontario Hydro, are recorded at cost. The market value of these securities was \$48,350,266 at March 31, 1979 (1978 \$79,986,846). Payments amounting to \$549,695,526 (1978 \$546,143,744) were issued during the 30 days following March 31 and deducted in arriving at the reported Cash balance.

ADVANCES TO ONTARIO HYDRO

	1979	1978
	\$	\$
Secured by bonds	3,568,363,000	2,901,100,000
Nuclear power generating station—Pickering	5,062,630	24,845,840
	<u>3,573,425,630</u>	<u>2,925,945,840</u>

The financial statements of Ontario Hydro are shown in Volume 2 of the Public Accounts for 1978-79.

The Province, in addition to guaranteeing Ontario Hydro debt obligations, has issued U.S. dollar debentures on behalf of Ontario Hydro. The proceeds have been advanced to Ontario Hydro in exchange for U.S. dollar bonds with the same terms and conditions as the debentures of the Province.

The Province, by agreement with Ontario Hydro and Atomic Energy of Canada Limited, contributed \$100,446,237 to the capital cost of the Pickering nuclear power generating plant and under the terms of a thirty year agreement receives payments based on the net operational advantages of the plant. These payments, which have amounted to \$95,383,607, have been applied to reduce the advance.

ADVANCES AND INVESTMENTS—OTHER CORPORATIONS, BOARDS AND COMMISSIONS

Financial Statements of these Corporations, Boards and Commissions are shown in Volume 2 of the Public Accounts for 1978-79.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Continued

The Ontario Education Capital Aid Corporation receives advances from the Province to purchase bonds or debentures issued by school boards for capital expansion programs. The securities held by the Corporation are the obligations of the individual school boards. However, under current support arrangements for local school boards, approved debt charges are subject to Provincial grants averaging 75%.

The Ontario Universities Capital Aid Corporation has received no new advances since March 1978 when the Province changed its capital financial support program from loans to grants for new construction in the post-secondary education sector. Under the former program the Corporation received advances from the Province to purchase bonds or debentures issued by provincial universities, colleges, the Art Gallery of Ontario, the Royal Ontario Museum and municipalities on behalf of public libraries, for approved capital construction projects. The securities held by the Corporation are the obligations of the issuing institutions. However, these institutions received annual budgetary grants in 1979 of \$116,107,062 (1978 \$112,843,310) from the Province to cover the full amount of principal and interest due to the Corporation.

The Ontario Mortgage Corporation has used advances from the Province to provide primary and secondary mortgage financing for eligible persons. The Province paid subsidies amounting to \$2,514,523 in 1979 (\$1,810,000 in 1978) to the Corporation for certain loans made at interest rates lower than cost. Following a change in government policy, the Corporation sold \$108,805,100 of its mortgage portfolio during the fiscal year and has made no new commitments. Further sales from the portfolio are scheduled for 1979-80.

Ontario Housing Corporation plans, constructs and manages residential housing projects. Financing is provided by the Province and Central Mortgage and Housing Corporation (a federal crown corporation). Operating subsidies are shared by the Province, Central Mortgage and Housing Corporation, and municipalities. The Province's share of the subsidy for the calendar year 1978 was \$91,471,470 (1977 \$79,936,025). At June 30, 1978, the Ontario Student Housing Corporation was dissolved and all assets and liabilities, including an \$8,460,491 liability for advances from the Province, were assumed by the Ontario Housing Corporation. Subsequent to the year-end certain assets and liabilities were approved for transfer to the Ontario Land Corporation from the Ontario Housing Corporation retroactively effective from January 1, 1979. At March 31, 1979, the amount of the advances to be transferred from the Ontario Housing Corporation account to the Ontario Land Corporation account is approximately \$160,000,000.

The Ontario Land Corporation was established in 1974 to assemble land for new communities and industrial parks. In 1978 the Corporation's objects were broadened to include land development. In this connection and as described above certain assets of Ontario Housing Corporation including lands scheduled for residential, industrial and commercial development, land leases, mortgages and agreements for sale were transferred along with related liabilities to the Ontario Land Corporation. In addition the Province discontinued its practice, effective October 1, 1978, of charging the Corporation interest on outstanding advances used to finance land holdings.

Ontario Energy Corporation was established in 1975 with a \$100,000,000 equity investment by the Province to develop energy sources for Ontario through investment in energy exploration, development and production. The Corporation's initial major involvement was a 5% equity position in Syncrude Canada Ltd. which was sold during 1978 for \$160,000,000. The Corporation has also been participating in the research aspects of the Polar Gas Project which is studying the movement of natural gas from the eastern high Arctic to southern markets. At March 31, 1979, the Corporation has invested \$11,986,909 in the Polar Gas Project. Subsequent to March 31, 1979, the Province's investment in the Corporation was reduced to \$15,000,000 equity through a repayment of advances and a repurchase of \$85,000,000 of the share capital investment.

Ontario Development Corporation and the associated Eastern Ontario Development Corporation and Northern Ontario Development Corporation provide loans and arrange for provincial guarantees of bank loans to qualified enterprises. The Province has purchased an equity of \$7,000,000 and has advanced all funding for the lending programs of the corporations. Through its budgetary expenditures, the Province also transfers to the corporations an amount to defray the costs of all administrative expenses, certain loan forgiveness, honouring guarantees, writing off loans and losses due to the corporations' lending rates being lower than their borrowing rates. In 1979 these transfers amounted to \$20,818,994 (1978 \$21,656,991).

Ontario Northland Transportation Commission operates a railroad and related services in the northern regions of the Province. Of the Province's total advance, \$35,207,935 is non-interest bearing. The Province provided subsidies of \$11,184,402 in calendar 1978 (1977 \$10,260,634). After subsidies, the Commission recorded a net income of \$2,964,267 in calendar 1978 (1977 \$2,608,433).

The Ontario Junior Farmer Establishment Loan Corporation was incorporated in 1952 for the purpose of making loans to assist young qualified farmers in the establishment, development and operation of their farms. This program was discontinued in February 1969. The rate of interest on advances by the Province was

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Continued

set by the Province's long-term borrowing cost. The Province is paying for the cost of administration and providing subsidies through legislative appropriations to cover annual operating deficits. The subsidies were \$1,038,375 for 1979 (1978 \$1,150,000).

The Ontario Municipal Improvement Corporation, incorporated in 1950, has as its object the purchase from municipalities in Ontario of debentures issued by them for municipal works and undertakings.

The Liquor Control Board of Ontario was established to sell and control the sale of liquor in the Province of Ontario.

The Crop Insurance Commission of Ontario was established in 1966 to administer plans of crop insurance and related activities in Ontario and generally to administer the Crop Insurance Act (Ontario). Advances at March 31, 1979, are substantially in support of the accumulated deficit of \$12,310,429. However, a surplus of \$1,558,935 was recorded by the Commission in fiscal 1979 (1978 deficit, \$10,006,228).

Urban Transportation Development Corporation Ltd. was incorporated under the laws of Canada on October 10, 1974. The Corporation is currently involved in developing new light rail transit vehicles and an advanced technology intermediate capacity transit system. In addition, the Corporation offers consulting services to transit operators and municipalities in Canada and abroad. The Province is the sole shareholder at the present time and the \$6,000,000 investment is the recorded cost of shares in the Corporation.

The North Pickering Development Corporation was established in 1975 to prepare and promote the optimum economic, social, environmental, agricultural and physical conditions of the North Pickering Planning Area.

The objective of the Algonquin Forestry Authority is to harvest Crown timber and to carry out such forestry and land management programs that are of general advantage to Ontario. The advances to the Authority are for working capital purposes. In addition, an operating subsidy of \$20,000 was made in 1979 (1978 \$30,000).

INVESTMENTS IN WATER TREATMENT AND WASTE CONTROL FACILITIES

	1979 \$	1978 \$
Investments in water treatment and waste control facilities	975,339,434	880,197,389

The Ministry of the Environment lets extensive contracts for the building of water and sewage systems to serve municipalities. These investments are being recovered over the life of agreements with the municipalities. Certain of the agreements provide for the accumulation of the principal portion of annual amortization payments in a sinking fund. The accumulated balance in such funds (included in deposit, trust and reserve accounts) was \$37,285,842 at March 31, 1979 (1978 \$41,236,615). Other agreements are for projects which are subject to service rate billings. The amount received from service rate billings in 1979 was \$57,340,183 (1978 \$47,704,424) of which \$10,161,430 (1978 \$8,258,952) was applied to reduce the investment account.

LOANS TO MUNICIPALITIES

	1979 \$	1978 \$
Ontario Housing Action Program	103,131,672	84,012,797
Municipalities re tile drainage	78,695,001	69,782,001
Municipalities re municipal works assistance	52,269,013	56,570,932
Federal-Provincial Winter Capital Projects Fund	42,593,106	46,785,490
Federal-Provincial employment loans	13,863,000	14,553,600
Federal-Provincial special development loans	3,284,800	3,526,600
The Municipality of Metropolitan Toronto	42,525,000	44,220,000
The Shoreline Property Assistance Act, 1973	2,802,589	2,374,404

City of Windsor		50,000
Improvement District of Manitouwadge		41,000
	342,092,457	325,260,476

The Ontario Housing Action Program provides loans for regional and municipal public works to accelerate the supply of housing.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Continued

The Tile Drainage Act authorizes the Treasurer of Ontario to purchase, acquire and hold debentures issued by municipalities for construction of drainage works. These debentures are payable within ten years of the issue of the debentures.

The amount owing from sundry municipalities under The Municipal Works Assistance Act is the balance of loans made to municipalities for certain municipal projects. The loans are secured by debentures and are repayable over a twenty or thirty year period ending in 1998.

The objective of the Federal-Provincial Winter Capital Projects Fund was to stimulate growth in employment, particularly during the winters of 1974-75 and 1975-76.

The objective of the Federal-Provincial employment loans program was to stimulate growth in employment particularly during winter, by adding to or accelerating capital works projects.

The objective of the Federal-Provincial special development loans program was to stimulate capital spending and related employment especially in municipalities where unemployment was high.

The amount owing by The Municipality of Metropolitan Toronto is the balance outstanding on debentures issued for subway purposes. Annual payments on principal are required over the period ending in 1995.

The objective of The Shoreline Property Assistance Act is to provide assistance for the rehabilitation and protection of property on or adjacent to shorelines.

The amount owing by the Township of Elliot Lake is the balance outstanding on debentures issued for stabilization of municipal taxes and other municipal purposes. These debentures are repayable over a period of years with final maturity in 1984.

The Town of Kapuskasing debentures held by the Province of Ontario are repayable over a period of years with final maturity in 1994.

Special assistance was provided in 1974-75 to the Townships of Collingwood and Amabel to relieve an otherwise undue tax burden.

The debentures of The Moosonee Development Area Board and the Improvement District of Manitowadge were issued for various municipal projects and services.

The amount owing by the City of Windsor relates to the Sandwich, Windsor and Amherstburg Railway Company and the Township of Sandwich East.

OTHER LOANS AND INVESTMENTS

	1979	1978
	\$	\$
Loans to public hospitals	236,404,420	255,716,669
The Sault Ste. Marie Bridge Act		
International Bridge Authority of Michigan—bonds	7,615,072	7,615,072
St. Mary's River Bridge Company—shares	1,370	1,370
Municipal and school tax credit assistance	4,286,915	3,863,993
Co-operative associations	753,476	981,987
Tile drainage loans in unorganized territories	233,857	149,180
Provincial Student-Aid Loans	97,831	133,884
Conservation authorities	52,106	119,009
Venture Capital Project	28,785	14,800
	<u>249,473,832</u>	<u>268,595,964</u>

The loans to public hospitals are for capital construction. During the 1979 fiscal year, the Province made grants of \$19,082,346 (1978 \$17,869,679) to assist public hospitals in meeting principal and interest payments. No new loans have been made since March 1978 when the ministry changed its public hospitals capital financial support program from loans to grants.

The investment under The Sault Ste. Marie Bridge Act consists of bonds of the International Bridge Authority of Michigan and shares of the St. Mary's River Bridge Company.

The International Bridge Authority of Michigan bonds, with a par value of \$7,850,000 U.S., were acquired in 1960 at a cost of \$7,615,072. These bonds, due September 1, 2000, bear interest at the rate of 6% per annum but under the terms of the agreement interest is payable at maturity or only as funds are available from operations. The accumulated balance of interest remaining unpaid at March 31, 1979, was \$4,974,617.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Continued

The Investment in the St. Mary's River Bridge Company is the cost of 137 shares purchased by the Province.

Municipal and school tax credit assistance loans represent reimbursements to municipalities for credits and refunds allowed in accordance with the provisions of The Municipal and School Tax Credit Assistance Act.

The Co-operative Loans Act authorizes the Lieutenant Governor in Council to make loans to any co-operative association to enable it to carry out its objects. The loans are secured by a first mortgage on the real property of the co-operative association and are repayable over a period of twenty years.

Tile Drainage loans are made directly to individuals in territories without municipal organization as authorized by The Tile Drainage Act and are secured by liens on the properties.

The balance under Provincial Student-Aid loans is the total of the principal owing on loans as at March 31, 1979. Loans to students under this program were discontinued in December 1964.

The balance owing by conservation authorities is the recoverable portion of grants made for land acquisition and construction of dams and reservoirs. During the year no loans were made and repayments of \$66,903 were received.

Under the Venture Capital Project, interest-free loans are provided to students to operate small businesses of their own undertaking in the summer months.

INACTIVE ASSETS

The Province of Ontario has fully reserved inactive assets in the amount of \$4,350,546.

The Government of Canada Debt Account at \$2,848,290 is an amount on which the Government of Canada pays interest at 5% to compensate the Province of Ontario for monies withheld from the Province in the period July 1, 1867 to January 1, 1873.

The Common School Fund at \$1,502,256 represents Ontario's share in a permanent fund of \$2,677,771 held in trust by the Government of Canada for the Provinces of Ontario and Quebec. The fund is derived from the sale of Crown lands set aside for the benefit of common schools by statutes enacted before Confederation. The Government of Canada pays interest to the Provinces on the principal sum at the rate of 5% per annum, payable semi-annually, in proportion to their respective populations as determined by the most recent decennial census. The present allocation is based on the census of 1971.

NET DEBT

	1979	1978
	\$	\$
Net Debt	9,568,960,523	7,977,975,167

The net debt of the Province is the excess of liabilities over recorded assets. It is also the accumulation of all budgetary deficits and surpluses since Confederation. The year-to-year change in net debt is the amount by which revenues exceed or are less than budgetary expenditures.

DEPOSITS WITH THE PROVINCE OF ONTARIO SAVINGS OFFICE

	1979	1978
	\$	\$
Deposits with the Province of Ontario Savings Office	405,913,203	345,417,568

These deposits are carried in twenty-one branches of the Savings Office throughout the Province. The liability of the Savings Office to depositors is similar to the liability of a chartered bank in regard to savings deposits. The financial statements of The Province of Ontario Savings Office are shown on pages 78-80.

PENSION FUNDS

	1979	1978
	\$	\$
Public Service Superannuation Fund (See pages 70-71)	1,551,508,132	1,323,991,531

	1,567,273,669	1,335,960,975

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Continued

The Province of Ontario maintains accounts within the Consolidated Revenue Fund for all contributions and interest earnings less pension payments for both the Public Service Superannuation Fund and Legislative Assembly Retirement Allowances Account. The amounts recorded by the Province are essentially the sole assets of these pension plans.

The Superannuation Adjustment Fund was established by The Superannuation Adjustment Benefits Act (July 18, 1975) with the purpose of providing supplementary benefits to persons in receipt of pensions payable out of Pension Funds to which contributions are paid directly or indirectly out of the Consolidated Revenue Fund. Under the terms of the Act, the employer and the employee make equal contributions to the Superannuation Adjustment Fund. Pensioners who have contributed to the Fund are eligible for benefits calculated with reference to the annual increase in the Consumer Price Index for Canada to a maximum of 8% in any one year. A statement of the Fund is presented on pages 73 to 77.

The Ministry of the Environment under agreements with certain municipalities operates sinking funds for the accumulation of contributions by municipalities to recover the cost of capital assets. Under these same agreements, municipalities make contributions to a reserve fund for renewal or replacement of capital assets or for other contingencies.

The Provincial Lottery Trust Fund receives the net proceeds of the Provincial lottery operated on behalf of the Province of Ontario by the Ontario Lottery Corporation. The first \$25 million has been dedicated to health research and health related environmental projects.

The Motor Vehicle Accident Claims Fund was established to protect the innocent parties in motor vehicle accidents from financial loss where an uninsured driver is at fault. A statement of the Fund is presented on page 81.

The Ontario Mortgage Corporation and the Ontario Housing Corporation have placed on deposit with the Treasurer of Ontario working capital which is surplus to their immediate needs.

The remaining deposit, trust and reserve accounts represent funds deposited with the Treasurer of Ontario or held in trust for various purposes and special accounts which are available for expenditure in periods subsequent to the current fiscal year.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES—Concluded

ADVANCES PAYABLE

	1979	1978
	\$	\$
Central Mortgage and Housing Corporation—waste control loans	91,347,519	90,519,273
Ontario Municipal Employees Retirement Fund		21,300,000
	<u>91,347,519</u>	<u>111,819,273</u>

The Central Mortgage and Housing Corporation advances funds to the Province on an interim basis for a portion of the cost of waste control projects under construction. When a project is completed the advance is partially forgiven and the balance is converted to a forty year serial debenture.

The Ontario Municipal Employees Retirement System deposits surplus funds with the Province and on December 31 each year receives a debenture for all funds deposited in the calendar year. The balance in “Advances Payable” represents deposits made between January 1 and March 31.

TREASURY BILLS

	1979	1978
	\$	\$
Treasury Bills	325,000,000	130,000,000

A Treasury Bill financing program was re-introduced on July 16, 1975. Under this program, non-interest bearing Treasury Bills, with 91 days maturity, are sold by tender on a regular basis.

SCHEDULES TO STATEMENT OF ASSETS AND LIABILITIES

DETAILS OF DEBENTURES AND NOTES OUTSTANDING—Concluded

as at March 31, 1979

References:

- (1) Callable at par commencing 2 years prior to maturity.
- (2) Non-callable.
- (3) Callable at par commencing 3 years prior to maturity.
- (4) Callable at par commencing 4 years prior to maturity.
- (5) Callable at par commencing 5 years prior to maturity.
- (6) \$100,000,000 in debentures were issued to mature August 1, 1997 subject to maturity of any debentures on August 1, 1980, if the debenture holder so elects after August 1, 1979 and prior to February 1, 1980.
- (7) Exchangeable at holder's option during the six month period December 10, 1986 to June 10, 1987, for an equal principal amount of 13 year 9.75% debentures due December 10, 2000. Such debentures would be callable at par commencing 5 years prior to maturity.
- (8) Securities sold to the Canada Pension Plan Investment Fund are payable 20 years after their respective dates of issue, are not negotiable and not transferable or assignable but are redeemable in whole or in part before maturity at the option of the Minister of Finance of Canada, on six months' prior notice, when he deems it necessary in order to meet the requirements of the Canada Pension Plan. In the case of redemption before maturity, the Ontario Securities are to be redeemed in the order in which they were issued and the amount of Ontario Securities to be redeemed at any time shall be proportionate to the amount of all securities then held to the credit of the said fund represented by Ontario Securities.
- (9) Callable 5-22 years after date of issue at various declining premiums and thereafter at par.
- (10) Callable at par 1 year prior to maturity.
- (11) Callable 10-22 years after date of issue at various declining premiums and thereafter at par.
- (12) Callable 15-27 years after date of issue at various declining premiums and thereafter at par.
- (13) Callable 15-25 years after date of issue at various declining premiums and thereafter at par.
- (14) Annual maturity 1978-84—DM 15,000,000. Callable 6 years after date of issue and thereafter at various declining premiums.
- (15) Scheduled annual maturity 1980-87—DM 12,500,000. Callable 8-10 years after date of issue at 101% and thereafter at par.
- (16) Payable at par 15 years prior to maturity if holder so elects during the period July 1, 1982 to January 1, 1983.
- (17) Payable at par 12 years prior to maturity if holder so elects during the period March 22, 1985 to September 22, 1985.
- (18) The Canadian dollar equivalent is calculated using an exchange rate equal to par.
- (19) The Canadian dollar equivalent is calculated at the rate of exchange in force at the time when the proceeds were received. This varied from DM 1 = C\$.2673 to DM 1 = C\$.3076.

REFERENCES:

- (1) \$75,000,000 of bonds at 8.5% were issued to mature September 15, 1976. Holders of \$6,500 of bonds elected to exercise an option to obtain equal principal bonds due September 15, 1996, such bonds to bear interest at 8.25%.
- (2) Non-callable.
- (3) Callable 2 years prior to maturity and thereafter at par.
- (4) Callable 3 years prior to maturity and thereafter at par.
- (5) Callable 4 years prior to maturity and thereafter at par.
- (6) Callable 5 years prior to maturity and thereafter at par.
- (7) Annual maturity 1980—\$35,000,000; 1981—\$30,000,000; 1982—\$35,000,000. Callable 7 years prior to maturity and thereafter at various declining premiums.
- (8) \$50,000,000 of bonds were issued to mature February 1, 1995 subject to maturity of any bond on February 1, 1975 if the bondholder so elected prior to August 1, 1974. Holders of \$40,719,000 of bonds chose the February 1, 1975 maturity, leaving \$9,281,000 to mature on February 1, 1995.
- (9) Annual maturity 1979-1986—U.S. \$3,500,000. Callable 6 years after date of issue and thereafter at various declining premiums.
- (10) Original Issue: the amount shown is the Canadian Dollar equivalent at the time when the proceeds were received. Outstanding: the amount maturing one year from the statement date is valued at the exchange rate prevailing on the date of the statement. The remaining amount outstanding is valued at the exchange rate prevailing when the proceeds were received.
- (11) Annual maturity 1979-84—DM 15,000,000. Callable 6 years after date of issue at 102% and thereafter at various declining premiums.
- (12) Annual maturity 1979-86—DM 10,000,000. Callable 6 years after date of issue at 102% and thereafter at various declining premiums.
- (13) Annual maturity 1980-87—DM 12,500,000. Callable June 1, 1980-82 at 101% and thereafter at par.
- (14) Annual maturity 1981-88—DM 12,500,000. Callable March 1, 1981-83 at 101% and thereafter at par.
- (15) In each of the ten years ending December 10, 1980-89, Ontario Hydro undertakes to redeem up to SFr 4,000,000 at prices not exceeding the par value. Callable 10 years prior to maturity and thereafter at various declining premiums.
- (16) In each of the four years ending October 2, 1983-86, Ontario Hydro undertakes to redeem up to SFr 10,000,000 at prices not exceeding the par value. Callable 2 years prior to maturity and thereafter at various declining premiums.
- (17) Annual maturity 1981-95, 5.5% of original principal outstanding at par. This will leave 17.5% of original principal outstanding by 1996.
- (18) The Canadian Dollar equivalent is calculated on the rate of exchange in force at the time when the proceeds were received. This varied from U.S. \$1 = C\$.9763 to U.S. \$1 = C\$ 1.0492.
- (19) The Canadian Dollar equivalent is calculated on the rate of exchange in force at the time when the proceeds were received. This varied from DM 1 = C\$.2693 to DM 1 = C\$.3548.
- (20) The Canadian Dollar equivalent is calculated on the rate of exchange in force at the time when the proceeds were received. This varied from SFr 1 = C\$.2591 to SFr 1 = C\$.3862.
- (21) The Canadian Dollar equivalent is calculated on the rate of exchange in force at the time when the proceeds were received. This varied from U.S. \$1 = C\$.9750 to U.S. \$1 = C\$.9848.
- (22) Callable at par commencing 7 years prior to maturity.
- (23) Callable at par commencing 8 years prior to maturity.
- (24) Ontario Food Terminal Board had a sinking fund with the Province which consisted of cash and temporary investments and amounted to \$3,160,093 as at March 31, 1978.
- (25) The Province guarantees 100% of the outstanding amount of the loans. The Government of Canada reimburses the Province for 50% of all claims paid.
- (26) The Province's net liability is limited to 10% of the aggregate principal amount of monies lent by any individual bank.
- (27) The Province's net liability is limited to 5% of the lesser of \$10,000,000 or the outstanding amount of the loans.
- (28) The Province guarantees 100% of the aggregate principal to each individual bank or credit union.

1. The 1978 and prior year accounts have been re-stated where necessary from amounts previously published in Public Accounts to report on a basis consistent with that used in 1979.

2. On April 1, 1972, the operations of The Ontario Hospital Services Commission were absorbed by the Ministry of Health. Revenue and expenditures prior to 1973 have been re-stated to include gross revenues (including premium revenue and Federal contributions) and gross expenditures of hospital plans which were formerly administered by The Ontario Hospital Services Commission. Also on April 1, 1972, the operations of the Ontario Water Resources Commission were absorbed by the Ministry of the Environment. No re-statement for fiscal 1972 and prior has been made in respect of the Commission.

3. The Province has issued U.S. dollar debentures on behalf of Ontario Hydro. The proceeds have been advanced to Ontario Hydro in exchange for U.S. dollar bonds with the same terms and conditions as the debentures of the Province. These borrowings and lending transactions which fall outside the Province's own budget framework have increased the following Consolidated Revenue Fund accounts:

	1979 (\$ millions)	1978 (\$ millions)	1977 (\$ millions)	1976 (\$ millions)	1975 (\$ millions)	1974 (\$ millions)	1973 (\$ millions)	1972 (\$ millions)	1971 (\$ millions)	1970 (\$ millions)

Secretary

MISCELLANEOUS STATEMENTS

PUBLIC SERVICE SUPERANNUATION FUND—Concluded
(Established under The Public Service Superannuation Act)Notes to Financial Statement
March 31, 1979

1. Unfunded Liability

The most recent actuarial review of the Public Service Superannuation Fund was made as at December 31, 1976. As at that date this review disclosed an unfunded liability of \$505,355,000. Of this amount \$82,616,000 represents the initial unfunded liability as at January 1, 1965. The balance of \$422,739,000 represents the additional unfunded liability which has arisen since January 1, 1965.

The Province of Ontario has been making annual payments of interest and principal into the Fund in accordance with the Regulations under The Pension Benefits Act. These payments are designed to:

- Prevent an increase in the initial unfunded liability.
- Liquidate the additional unfunded liability over a period ending January 1, 1992.

Future special payments will be required as follows:

January 1, 1980 to 1990 inclusive	\$54,506,000
January 1, 1991 and 1992	\$37,622,000
Annually commencing January 1, 1993	\$ 5,990,000

2. Interest Earned

Interest was credited to the Fund out of the Consolidated Revenue Fund on the following basis:

- (i) on the balance at the credit of the Fund on March 31, 1978 at a rate of 8.18260 per cent per annum;
- (ii) on the net amount deemed to have entered the Fund each month throughout fiscal year 1978-79 at a rate of 9.828 per cent per annum and credited from the date such increases are deemed to have entered the Fund to the end of the fiscal year 1978-79; and
- (iii) on the unfunded liability payment of \$54,506,000 for a period of three months at a rate of 9.828 per cent per annum.

To the Public Service Superannuation Board,
to the Minister of Government Services, and
to the Treasurer of Ontario.

I have examined the statement of fund of the Public Service Superannuation Fund as at March 31, 1979. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the cash position of the Fund as at March 31, 1979 and the results of its cash operations for the year then ended on a basis consistent with that of the preceding year.

A report on the audit has been made to the Board, to the Minister and to the Treasurer of Ontario.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Toronto, Ontario,
June 21, 1979.

Notes to Financial Statements
March 31, 1979

1. Legislation

The Superannuation Adjustment Benefits Act, 1975 came into force on July 18, 1975, to provide superannuation adjustment benefits to persons in receipt of pensions payable out of pension funds to which contributions are paid directly or indirectly out of the Consolidated Revenue Fund. This Act applies only to pension plans designated by the regulations.

The Teachers' Superannuation Plan was so designated on August 30, 1975. Certain groups of contributors to the Public Service Superannuation Fund were so designated on December 15, 1975, effective January 1, 1976. Pursuant to regulatory amendments made during the year ended March 31, 1977, all contributors to the Public Service Superannuation Fund are now so designated. The Retirement Pension Plan of Ryerson Polytechnical Institute was so designated on July 27, 1977 and the Caucus Employees Retirement Plan was so designated on December 29, 1977. Contributions to the Caucus Employees Retirement Plan were first received in April 1978.

2. Interest Earnings

- (a) The fiscal year net increase in each fund account is established as the amount to receive an annual interest credit from the Treasurer of Ontario at a rate and for a period established by order-in-council. For the 1978-79 fiscal year the rate for the Public Service Superannuation Fund Account is 9.81 per cent per annum, provided that the net amounts remain on deposit with the Consolidated Revenue Fund for not less than 10 years; the rate for the Teachers' Superannuation Fund Account is 9.95 per cent per annum, provided that the net amounts remain on deposit with the Consolidated Revenue Fund for not less than 15 years; the rate for the Retirement Pension Plan of Ryerson Polytechnical Institute and the Caucus Employees Retirement Plan is 10.07 per cent per annum, provided that the net amounts remain on deposit with the Consolidated Revenue Fund for not less than 20 years.
- (b) In the 1977-78 fiscal year the Public Service Superannuation Fund Account was credited with interest of \$4,040,173 rather than the required amount of \$3,150,120, an excess of \$890,053. This excess has been deducted from the 1978-79 fiscal year required payment of \$5,773,659 thereby reducing the reported interest to \$4,883,606.

3. Comparative Figures

Comparative figures have been reclassified where necessary to conform with 1979 presentation.

To the Chairman of the Management Board of Cabinet, and
to the Treasurer of Ontario.

I have examined the statement of fund of the Superannuation Adjustment Fund and accompanying schedules as at March 31, 1979. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement and accompanying schedules present fairly the cash position of the Fund as at March 31, 1979 and the results of its cash operations for the year then ended on a basis consistent with that of the preceding year.

A report on the audit has been made to the Chairman of the Management Board and to the Treasurer of Ontario.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

MISCELLANEOUS STATEMENTS

THE PROVINCE OF ONTARIO SAVINGS OFFICE

Notes to Financial Statements
March 31, 1979

1. Alterations to Premises

In 1979 the Savings Office changed its method of accounting for costs of alterations to premises. In prior years such costs were capitalized and amortized on a straight line basis at the rate of 10 per cent per annum. Commencing in 1979 these costs are charged to operations in the period in which they are incurred. As a result of this change, 1979 net profit on operations is \$2,095,480 rather than \$2,249,055.

In addition, during 1979 the unamortized balance of alterations to premises as at March 31, 1978, in the amount of \$85,780, was charged to the reserve.

2. Fixed Assets

The revised accounting method applied to the costs of alterations to premises, and described in note 1, is consistent with the practice which the Savings Office is, and has been, following in respect of the costs of furniture and equipment. Accordingly, fixed assets, consisting of alterations to premises and furniture and equipment, are valued at \$1 for balance sheet presentation.

2. Comparative Figures

Comparative figures have been reclassified where necessary to conform to 1979 presentation.

	101,340,000		101,340,000	TOTAL FOR MINISTRY ADMINISTRATION	2,026,323

Program description:

Provides the Management Board Secretariat and the staff of the Civil Service Commission with the overall direction required to ensure that the means for it to meet its objectives in a co-ordinated fashion are available. Provides for estimated cost of anticipated salary and employee benefits awards for government employees.

*In the Annual Budget and Expenditure Estimates a provision was made for the cost of salary and employee benefits revisions which were likely to be approved in the 1978-79 fiscal year. It was not practicable, however, to distribute this estimate among the programs and activities of each ministry. Accordingly the gross projected salary and benefits costs appeared in the "Contingencies" provision.

As revisions were approved and the actual costs were incurred they were not charged against the "Contingencies" activity but rather against the various votes and items to which they pertained. To the extent that these expenditures exceeded printed Estimates appropriations, Management Board Orders were approved. The "Contingencies" activity therefore shows no spending against the appropriation.

Program description:

Treasury

This activity provides recommendations, management and direction to the Province's requirements in the areas of cash, public debt and public finance, generally; planning and direction to the Province's requirements in the areas of accounting, controls and internal and public reporting and fiduciary services to the Province and certain of its agencies.

Fiscal Policy

This activity provides an integrated planning and budgetary system to propose, develop, integrate and monitor the Government's policies for achieving stated social and economic objectives, with particular reference to federal-provincial fiscal relations, provincial fiscal and taxation policies and provincial-municipal fiscal and taxation policies; and provides services with regard to provincial-municipal finance (including the administration of the Ontario Unconditional Grants), and municipal finance to the Ministry of Intergovernmental Affairs.

*Responsibility for the Ontario Land Corporation transferred to the Ministry of Housing.

Program description:

This program consists of seven activities that provide for the regulation of financial and commercial affairs in order to maintain and strengthen a sound financial and commercial environment in designated areas for equitable exchanges of property and services. This is achieved through disclosure to the public of the essential elements of business transactions including the issuing of securities, registration and licensing of persons dealing with the public to assure a high degree of competence and honesty in their dealings, and examination and surveillance of the financial standing and practices of firms. In addition this program provides services for incorporation of companies, administration of The Motor Vehicle Accident Claims Act in respect of the adjustment of claims and payment of damages occasioned by the operation of stolen, unidentified or uninsured motor vehicles, and provision for appeal hearings with respect to matters of licensing under various acts administered by the Ministry.

*For the fiscal year 1978-79, the recovery of Motor Vehicle Accident Claims Fund—Administration is recorded as a credit to the expenditure vote 1402-4. In previous years this recovery appeared as Reimbursement of Expenditures in the Ministry's revenue statement.

Program description:

This program consists of six operating activities, co-ordinated by the office of the Executive Director, which are responsible for minimizing risk inherent in designated environmental, technical and operational situations. This goal is accomplished through the inspection of elevators, pressure vessels, upholstered and stuffed articles, the transmission, transportation, distribution and utilization of natural gas, propane and fuel oil and the issuance of licences for the operation of elevators and pressure vessels. The Building Code activity is seeking to establish, through several advisory committees, a system of uniform building and fire safety standards for the Province.

Program description:

This program includes education at the diploma level in Agriculture at Kemptville, Centralia, Ridgeway and New Liskeard Colleges of Agricultural Technology and at the University of Guelph. This program also includes numerous short courses, correspondence courses in various phases of Agriculture, and the Ontario Agricultural Museum at Milton. A diploma course in Home Economics is also provided at Kemptville and Centralia. Essential research information related to Agriculture and Veterinary Medicine is provided through the Horticultural Research Institute of Ontario at Vineland, Simcoe and Bradford; the Colleges of Agricultural Technology at Kemptville, Ridgeway and New Liskeard; the Economics branch; the Pesticides Residue Testing Laboratory and at the University of Guelph under contract.

Program description:

This program ensures that all contaminants emitted into the environment are within Ministry standards by on-site surveillance and inspection, the implementation of new abatement programs, the issuing of control orders and the investigation of public complaints.

Subsidies to Provincial Health Units are provided under Part VII of The Environmental Protection Act and grants towards repair and renewal of private sewage systems. This program also provides for the development and management of sewage and water treatment plants, as well as the development of analytical methods for measuring existing and newly emerging pollutants.

Program description:

This program provides operational resources, technical assistance and policy guidance to encourage effective community planning and to improve the quality of housing and other developments in all parts of the Province. It also includes the approval of municipal planning proposals under related legislation and local planning policies, and in addition, promotes community renewal by providing financial assistance to improve the existing financial and social environment in municipalities and unorganized territories.

Program description:

This program includes the technical and operational resources to develop and market lands held by the Province, or jointly with the Federal Government, and to assist municipalities in their land acquisition and development activities. This program also assists municipalities in meeting rental accommodation requirements for senior citizens and for low to moderate income families, based on established needs and demands. Financial support for this program is provided chiefly through the estimates of the Ontario Housing Corporation and to a minor extent, through those of Ontario Land Corporation.

*Transferred from Ministry of Treasury and Economics.

Program description:

This program provides property management support both on a direct basis and through local Housing Authorities, for all provincially owned senior citizen and low to moderate income family housing, along with similar support for housing owned jointly with the Federal Government. Co-ordination of the supply of private sector and community sponsored rental accommodation is also carried out through the Corporation's rent supplement programs. Financial support is also provided to the Ministry of Housing Community Development Program for the development of provincial and federal lands and for the construction of new senior citizen and low to moderate income family accommodation.

This program provides research and analysis of key issues affecting the short and long-run development potential of the Province's light and heavy manufacturing, resource, service and tourist industries. This is carried out by means of industry sector analyses, research into industrial policies and programs, and economic and trade analyses. The Strategic Planning Branch integrates these efforts in the form of a planning and review process to ensure that Ministry programs and policies are effective.

Program description:

The Industrial Incentives and Development Program, through the Ontario Development Corporations, assists and encourages the development and diversification of Ontario Industry by: providing incentive loans, term loans and guarantees of loans; providing technical, business and financial information and advice; providing sites, facilities and services in two industrial parks. Incentive loans are available from all three corporations for establishing new business operations, and from the Eastern Ontario Development Corporation and the Northern Ontario Development Corporation for the expansion of existing operations. The incentives provided include interest-free periods, deferral of principal repayment and lower interest rates for small businesses.

All three corporations offer term loans to secondary manufacturing industries and service industries in support of manufacturing, for establishing new operations, expanding existing operations, introducing new products and technologies, financing exports, and purchasing and installing pollution control and energy conservation equipment.

Tourist industry loans are available in areas where tourism is of major importance to the economy, and may be used for establishing new tourist facilities and for upgrading, expanding or winterizing existing facilities. Included in the Ontario Development Corporation are funds for the support services provided to the Northern Ontario Development Corporation and the Eastern Ontario Development Corporation.

ONTARIO

PUBLISHED BY THE MINISTRY OF TREASURY AND ECONOMICS

Printed by J. C. Thatcher, Queen's Printer for Ontario

I am pleased to present this volume, which contains financial statements of selected crown corporations, boards and commissions, as a supplement to the 1978-79 Public Accounts of the Province of Ontario.

To assist readers, the organization and content of the Public Accounts is described in A Guide to Public Accounts on page 7 of this volume.

Comments or queries will be welcome and should be directed to the Financial Information and Accounting Policy Branch, Treasury Division of the Ministry of Treasury and Economics.

FRANK S. MILLER,
*Treasurer of Ontario and
Minister of Economics*

Toronto, February 15, 1980.

The following is a list of the names of the persons who have been
 elected to the office of the President of the United States, and
 the names of the persons who have been elected to the office of
 Vice-President of the United States, for the year 1880.
 The names of the persons who have been elected to the office of
 President of the United States, for the year 1880, are
 James A. Garfield, and the names of the persons who have
 been elected to the office of Vice-President of the United States,
 for the year 1880, are Chester A. Arthur.

(The following is a list of the names of the persons who have been
 elected to the office of the President of the United States, and

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1978-79 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2, a supplementary volume, contains the financial statements of those provincial crown corporations, boards and commissions in which the Province has an investment or which have borrowed from the Province or from others with a guarantee by the Province. Also included are certain significant operational agencies which are funded in whole or in part by revenues generated from their operations.

Volume 3, also a supplementary volume, contains the details of expenditures required by the Standing Public Accounts Committee.

2. A GUIDE TO VOLUME 2 OF PUBLIC ACCOUNTS

The Financial statements of the selected crown corporations, boards and commissions are for fiscal periods ending within the Province's own fiscal period April 1, 1978 to March 31, 1979. They are presented in the same detail as the approved, audited financial statements and as nearly as possible in the same form. The statements have been grouped by ministerial responsibility.

To the Ontario Food Terminal Board,
to the Minister of Agriculture and Food and
to the Treasurer of Ontario.

I have examined the balance sheet of the Ontario Food Terminal Board as at March 31, 1979 and the statements of earnings and retained earnings and changes in financial position for the year ended on that date. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at March 31, 1979 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles which, except for the termination of the yearly payment to the Sinking Fund as referred to in Note 1 to the financial statements, have been applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Ontario Food Terminal Board, to the Minister of Agriculture and Food and, in accordance with section 10 of The Ontario Food Terminal Act, to the Treasurer of Ontario.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Toronto, Ontario,
June 4, 1979.

Investment in Land for Future Development, end of year	6,046,548	5,399,155

Notes to Financial Statements
March 31, 1979

1. SIGNIFICANT ACCOUNTING POLICIES

- (a) Sinking fund for the retirement of debentures
The fund is designed to accumulate to an amount sufficient to retire the debentures at their maturity date. During the year, the Board of Directors authorized the termination of the \$60,000 yearly payment to the fund and the withdrawal of securities of \$125,000 par value from the fund as it has been determined that the annual interest earnings alone will be sufficient to generate the required funds.
- (b) Fixed assets, depreciation and amortization
Details of fixed assets at March 31, are as follows:

	1979 Accumulated Depreciation and Amortization		1978 Accumulated Depreciation and Amortization	
	Cost \$	\$	Cost \$	\$
Land	129,855	—	129,855	—
Land improvements	972,825	323,740	972,758	304,220
Buildings	3,603,567	2,645,368	3,602,700	2,485,952
Equipment	571,156	443,783	561,097	404,658
	5,277,403	3,412,891	5,266,410	3,194,830
	(3,412,891)		(3,194,830)	
	1,864,512		2,071,580	

ONTARIO FOOD TERMINAL BOARD

The equipment assets as at March 31, 1979 consisted of long-life equipment in the amount of \$367,718 and short-life equipment in the amount of \$203,438. Short-life equipment is depreciated on a straight-line basis, generally using rates of 20 per cent per annum.

The proceeds from the sale of the \$5,000,000 debenture issued were invested in the purchase of property and the construction and equipment of a food terminal. It is the Board's objective to fully amortize relevant amortizable long-life asset costs by June 1, 1985, the maturity date of the debentures payable.

In keeping with this objective, an amount equal to the annual increments to the sinking fund (representing interest earned by the fund) is credited to accumulated amortization and charged to operations as part of amortization expense.

Prior to 1979, the annual increment to the sinking fund included an additional payment of \$60,000. The termination of this payment reduced amortization expense charged to operations in the current year by this amount.

2. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform with 1979 presentation.

3. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Board was subject to controls on prices, profits and compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975. The agreement was terminated on December 31, 1978.

To the Ontario Stock Yards Board,
to the Minister of Agriculture and Food, and
to the Treasurer of Ontario.

I have examined the balance sheet of Ontario Stock Yards Board as at June 30, 1978 and the statements of earnings and retained earnings and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Board as at June 30, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Ontario Stock Yards Board, to the Minister of Agriculture and Food and, in accordance with section 9 of The Stock Yards Act, to the Treasurer of Ontario.

F. N. SCOTT, C.A.,
Provincial Auditor.

Toronto, Ontario,
August 28, 1978.

Notes to Financial Statements
June 30, 1978

1. ACCOUNTING POLICIES

(a) Inventories

Inventories are valued at cost. For supplies inventory, cost is determined on a first-in, first-out basis.

(b) Fixed assets and depreciation

Fixed assets are stated at acquisition cost. Depreciation is provided on a straight line basis generally using rates of 3 per cent to 10 per cent per annum for buildings and yard improvements, and 10 per cent to 20 per cent per annum for equipment.

2. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Board is subject to controls on prices, profits and compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975.

THE CROP INSURANCE COMMISSION OF ONTARIO

Notes to Financial Statements

March 31, 1979

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of accounting

The Commission uses a cash basis of accounting for administrative expenses which is modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended. In this regard, payments to employees for the pay period which overlaps the fiscal year end date are apportioned between the two years.

(b) Administrative expenses

Administrative expenses are paid out of moneys appropriated therefor by the Legislature of the Province of Ontario.

Administrative expenses for the year ended March 31, 1979 include expenses incurred on behalf of the Farm Income Stabilization Commission of Ontario. The amount of these expenses has not been determined.

(c) Fixed assets

The costs of automobile, equipment and furniture purchases are written off in the year of acquisition.

(d) Accommodation

Office space is provided by the Ministry of Agriculture and Food without charge.

2. UNEARNED PREMIUM RESERVE

This balance represents unearned premiums on the winter wheat crop. The total amount of insurance in force amounted to \$9,678,575 (1978—\$7,552,213).

THE CROP INSURANCE COMMISSION OF ONTARIO

3. PREMIUM SUBSIDIES

This amount is recoverable by the Province from the Government of Canada.

4. SUBSEQUENT EVENTS

Subsequent to the year end, the Commission was notified by a number of insured tobacco farmers of above average crop losses due to damage by a disease. By mid September 1979, management estimated that claims for tobacco losses will approximate \$53,500,000.

Significant additional advances will be required under section 8 of The Crop Insurance Act (Ontario) if the Commission is to be in the position to pay expected claims under the 1979 tobacco crop insurance plan.

5. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform with 1979 presentation.

On behalf of the Commission:

Chairman

Member

To the Farm Income Stabilization Commission of Ontario and
to the Minister of Agriculture and Food.

I have examined the statement of asset and liabilities of the Farm Income Stabilization Commission of Ontario as at March 31, 1979 and the statement of receipts and disbursements for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at March 31, 1979 and the results of its operations for the year then ended in accordance with the modified cash basis of accounting described in note 1 to the financial statements applied on a basis consistent with that of the preceding period.

In accordance with section 14 of The Farm Income Stabilization Act, 1976, a report on the audit has been made to the Commission and to the Minister.

Toronto, Ontario,
July 25, 1979.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Notes to Financial Statements
March 31, 1979

1. ACCOUNTING POLICIES

(a) Basis of Accounting

The Commission uses the cash basis of accounting, modified to allow an additional thirty days to pay for goods and services pertaining to the fiscal year just ended.

(b) Administrative Expenses

Administrative expenses are paid out of moneys appropriated therefor by the Legislature of the Province of Ontario. These costs do not reflect all of the administrative expenses incurred by or on behalf of the Commission during the current year. Other administrative expenses pertaining to the Commission have been absorbed by The Crop Insurance Commission of Ontario.

(c) Furniture and Equipment

Expenditures on furniture and equipment are expensed in the year of acquisition.

(d) Accommodation

Office space is provided by the Ministry of Agriculture and Food without charge.

FARM INCOME STABILIZATION COMMISSION OF ONTARIO

2. CASH

The Commission's excess of receipts over disbursements as at March 31, 1979, represents the balance in the Ontario Farm Income Stabilization Fund established during the year at The Province of Ontario Savings Office, in accordance with the provisions of section 10(1) of The Farm Income Stabilization Act, 1976.

3. FARM INCOME STABILIZATION PLANS

During the year the following voluntary plans for farm income stabilization were established by regulations under The Farm Income Stabilization Act, 1976:

Name of Plan	Ontario Regulation	Regulation Filing Date 1978
Ontario Corn Stabilization Plan, 1977.....	365/78	May 15
Ontario Corn Stabilization Plan, 1978-1980.....	508/78	July 6
Ontario Soybean Stabilization Plan, 1978-1980.....	509/78	July 6
Ontario White Bean Stabilization Plan, 1978-1980.....	510/78	July 6

The crop year of the Ontario Corn Stabilization Plan, 1977 covers the period September 1, 1977 to August 31, 1978. The crop year for the other three plans runs from September 1 in each year to the following August 31.

Corn and soybeans are "named" commodities under the Agricultural Stabilization Act and as such are covered under the Federal Agricultural Stabilization Program. The Federal plan supports prices up to 90 per cent of the average market price over the past five years, as adjusted for changes in cash costs of production, whereas the Ontario Stabilization price is 95 per cent of such adjusted average market price.

White bean is not a "named" commodity and there is, therefore, no guarantee the Federal Government, if they support the crop at all, will support it as high as 90 per cent of the five year average price as adjusted for changes in cash costs. However, the Ontario payment will be limited to the difference between 90 per cent and 95 per cent of such adjusted average market price.

4. SUBSEQUENT EVENT

On July 4, 1979 the following voluntary plans were established by regulations under The Farm Income Stabilization Act, 1976:

Name of Plan	Ontario Regulation
Ontario Soybean Stabilization Plan, 1979-1981.....	479/79
Ontario Corn Stabilization Plan, 1979-1981.....	480/79
Ontario White Bean Stabilization Plan, 1979-1981.....	481/79

Crop years covered by the plans extend over a 3 year term ending August 31, 1982.

Certain improvements are included in these plans. Subject to obtaining the required amendments to regulations under The Farm Income Stabilization Act, 1976, it is the intention of the Commission that all applicants enrolled in the 1978-1980 plans would be automatically transferred to the 1979-1981 plans. The Commission is of the opinion that stabilization payments pertaining to the crop year ending August 31, 1979, under the 1978-1980 plans, will be minimal. Consequently, the farmers' enrolment fees, plus interest, of \$977,554 would be applied against fees due in 1979 for the crop year ending August 31, 1980.

5. PROVISION FOR STABILIZATION PAYMENTS

Stabilization payments under the Ontario Corn Stabilization Plan, 1977 will continue to be made during the Commission's 1979-80 fiscal year. Until such time as all claims under the Plan have been submitted and approved the required provision for stabilization payments under the Plan cannot be accurately determined. The Commission, however, is of the opinion that a surplus may accrue under the Plan and remain in the Ontario Farm Income Stabilization Fund until such time as the Treasurer of Ontario exercises his discretion to have the surplus paid into the Consolidated Revenue Fund under the provisions of section 12 of The Farm Income Stabilization Act, 1976.

6. COMPARATIVE FIGURES

Comparative figures on the Schedule of Administrative Expenses, Schedule 2, have been reclassified to conform to 1979 presentation.

THE ONTARIO JUNIOR FARMER ESTABLISHMENT LOAN CORPORATION

On behalf of the Board:

Chairman

Vice-Chairman

To The Ontario Junior Farmer Establishment Loan Corporation,
to the Minister of Agriculture and Food, and
to the Treasurer of Ontario.

I have examined the balance sheet of The Ontario Junior Farmer Establishment Loan Corporation as at March 31, 1979 and the statements of revenue and expenditure and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these statements present fairly the financial position of the Corporation as at March 31, 1979 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Corporation, to the Minister and, in accordance with section 8 of The Junior Farmer Establishment Act, to the Treasurer of Ontario.

Toronto, Ontario,
July 23, 1979.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

THE ONTARIO JUNIOR FARMER ESTABLISHMENT LOAN CORPORATION

Notes to Financial Statements
March 31, 1979

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Sale of property

The provisions of the Corporation's mortgage indentures allow the Corporation, without taking title through foreclosure, to sell a farm property in certain circumstances for cash or credit. In cases where a mortgage forms part of the sale consideration, the excess of the amount of any such sale over the amount of the original mortgage outstanding at the time of sale is accounted for as an unrealized gain until such time as the amount of the original mortgage debt is retired.

Mortgage principal and interest payments received after the amount of the original mortgage has been retired constitute a realization of the gain, and are held in trust for the original owner or other claimant by the Corporation until such time as the amount of the mortgage has been fully repaid by the new purchaser.

(b) Administration expenses

Salaries of the Corporation's staff and sundry administrative costs have been absorbed by the Ministry of Agriculture and Food and are not included in the statement of revenue and expenditure.

2. CAPITAL ADVANCES DUE TO TREASURER OF ONTARIO

These advances bear interest at the rate of 6.7 per cent per annum.

Approved:

The Accountant of the Supreme Court
of Ontario

To The Accountant of the Supreme Court of Ontario and
to the Attorney General.

I have examined the balance sheet of The Accountant of the Supreme Court of Ontario as at March 31, 1979 and the statement of income and guarantee account for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of The Accountant of the Supreme Court of Ontario as at March 31, 1979 and the results of its operations for the year then ended on the basis of accounting set out in Note 1(a) to the financial statements, which basis is consistent with that of the preceding year.

F. N. Scott, F.C.A.,
Provincial Auditor.

Toronto, Ontario,
August 1, 1979.

**Notes to Financial Statements
Year ended March 31, 1979**

1. ACCOUNTING POLICIES

(a) The basis of accounting

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles with the exceptions that investment income is recorded as it is received and fixed assets are expensed when purchased. Accordingly no accrual has been made in the accounts for interest earned but not received.

(b) Investments

Investments are recorded at cost. Gains and losses on the sale of investments are recognized on the first-in-first-out basis.

2. SUITORS' SUSPENSE

Suitors' suspense fund has been reduced by amounts transferred to the Provincial Treasurer by Order in Council. The transfers, which were made in the years 1936 to 1941, totalled \$702,000.

3. SECURITIES AND MORTGAGES IN TRUST

The Accountant's Office also acts as custodian of mortgages in the amount of \$1,618,491 and miscellaneous securities and documents having a nominal value of \$213,431.

On behalf of the Official Guardian:

Official Guardian

Deputy Official Guardian

Notes to Financial Statement

Year ended March 31, 1979

1. RECEIPTS AND EXPENDITURES

Receipts are paid into the consolidated revenue fund and expenditures are made out of funds appropriated by the Legislature.

2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statement has been prepared in accordance with generally accepted accounting principles with the following exceptions:

(a) Revenue

Revenue previously recorded on the accrual basis is recorded on the cash basis of accounting. Payments received for the services of the Office of The Official Guardian under the Matrimonial Causes Act are recorded in advance of completing the services. The amount of such advance payments has been estimated at approximately \$108,000 (1978—\$104,500).

(b) Fixed assets

Fixed assets are expensed when purchased.

OFFICE OF THE OFFICIAL GUARDIAN
MINISTRY OF THE ATTORNEY GENERAL

3. COMPARATIVE FIGURES

- (a) Comparative figures have been restated to reflect a change from the accrual basis to the cash basis of accounting for revenue. Revenues previously reported for 1978 were as follows:

The Matrimonial Causes Act.....	\$673,075
Other.....	190,545
	<hr/>
	\$863,620
	<hr/>

- (b) Comparative figures have been reclassified to conform with the financial statement presentation adopted for 1979. Temporary help previously classified as services has been reclassified as salaries and wages.
- (c) In the 1979 fiscal year the Ministry of Government Services Realty Services Branch ceased charging the Office of the Official Guardian with rent and hydro. In 1978 rent of \$78,624 and hydro of \$11,432 were included in Services and Supplies and equipment expenditures respectively.

To the Official Guardian and
to the Attorney General.

I have examined the statement of receipts and expenditures of the Office of the Official Guardian, Ministry of the Attorney General for the year ended March 31, 1979. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, this financial statement presents fairly the results of operations of the Office of the Official Guardian for the year ended March 31, 1979 on the basis of accounting set out in Note 1 to the financial statement applied, after giving retroactive effect to the change in the basis of accounting for revenue as described in Note 2(a), on a basis consistent with that of the preceding year.

THE PUBLIC TRUSTEE OF THE PROVINCE OF ONTARIO

Notes to Financial Statements
Year ended March 31, 1979

1. STOCKS AND BONDS OF ESTATES AND TRUSTS
- The stocks and bonds for all Estates and Trusts, except Cemetery Trusts, are recorded at the value of the stocks and bonds at the time of taking over of the Estates and Trusts. This valuation is determined by The Public Trustee's security department. The bonds of Cemetery Trusts are valued at par.
2. REAL ESTATE
- Real estate is shown at appraised value at time of incorporation of the trust and is subject to periodic subsequent adjustments.
3. REIMBURSEMENT OF PAYMENT FROM ASSURANCE FUND
- During the year \$2,000 was transferred to the Assurance Fund to maintain the balance at \$200,000.

To the Public Trustee of the Province of Ontario and
to the Attorney General.

I have examined the balance sheet of The Public Trustee of the Province of Ontario as at March 31, 1979 and the statements of revenue and expenditure and surplus for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of The Public Trustee of the Province of Ontario as at March 31, 1979 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Public Trustee and to the Attorney General.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Toronto, Ontario,
August 1, 1979.

Notes to Financial Statements
March 31, 1979

I. FIXED ASSETS

It is the policy of the Board to carry each parcel of land and each building on its books at the nominal value of \$1.00. The total of furniture and equipment in current use and leasehold improvements is carried on the books at the nominal value of \$1.00. All asset costs in excess of these nominal values are written off in the year of acquisition.

The cost at year end of fixed assets, net of disposals, is as follows:

	1979 \$	1978 \$
Land	8,782,362	8,677,472
Buildings	47,169,927	46,374,368
Furniture and equipment	12,028,189	11,435,036
Leasehold improvements	8,353,152	8,016,654
	<u>76,333,630</u>	<u>74,503,530</u>

Details of fixed assets written off during the year are as follows:

	1979 \$	1978 \$
Land	109,007	77,273
Buildings	1,229,843	1,348,881
Furniture and equipment	916,074	1,029,938
Leasehold improvements	748,506	811,808
	<u>3,003,430</u>	<u>3,267,900</u>

LIQUOR CONTROL BOARD OF ONTARIO

2. OPERATING EXPENSES

Miscellaneous income	1,173,953	462,825
	<u>4,208,287</u>	<u>3,534,493</u>

4. LEASE COMMITMENT

Total commitments as of March 31, 1979 for lease of premises amount to \$45,000,000. Of this total \$6,900,000 becomes payable during the year ending March 31, 1980.

5. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Board was subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective from October 14, 1975 to December 31, 1978.

On behalf of the Board:

Director

Director

To the Board of Directors of the Ontario Lottery Corporation and
to the Minister of Culture and Recreation.

I have examined the balance sheet of the Ontario Lottery Corporation as at March 31, 1979 and the statements of operations and net profit/proceeds due to the Treasurer of Ontario for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1979 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Corporation and to the Minister.

Toronto, Ontario
September 11, 1979.

ONTARIO LOTTERY CORPORATION

Notes to Financial Statements
March 31, 1979

1. THE PROVINCIAL

Pursuant to section 7(b) of The Ontario Lottery Corporation Act, 1974, the Corporation was authorized by the Lieutenant Governor in Council to enter into agreements with other provinces regarding an inter-provincial lottery scheme. The Provincial lottery is a joint undertaking by all provinces acting through the Interprovincial Lottery Corporation, a company incorporated under the Canada Business Corporation Act, the shares of which are held by Her Majesty the Queen in right of the respective provinces.

The Ontario Lottery Corporation is the Regional Marketing Organization for The Provincial in Ontario. The Corporation purchases tickets for The Provincial from the Interprovincial Lottery Corporation. The cost of tickets purchased from the Interprovincial Lottery Corporation is composed of the proportional share of prizes based on the number of tickets purchased, plus operating expenses less relevant interest earnings of the Interprovincial Lottery Corporation.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Wintario operations

All income and expenses related to the 26 biweekly Wintario lotteries (1978-26) held from April 13, 1978 to March 29, 1979 inclusive are included in the statement of operations. Net receipts from the sale of tickets for the lottery held on April 12, 1979 have been treated as deferred income.

(b) The Provincial operations

All income and expenses related to the sales in Ontario of The Provincial lotteries held from April 30, 1978 to March 25, 1979 inclusive are included in the statement of operations.

Net receipts from the sale of tickets for the lottery held on April 29, 1979 have been treated as deferred income.

(c) Lottario operations

All income and expenses related to the 20 weekly lotteries ending on March 31, 1979 are included in the statement of operations.

Development and start up costs of \$11.5 million were written off to operations as an extraordinary item.

(d) Fixed assets

Fixed asset purchases are written off to operations at the time of acquisition.

3. NET PROFITS—WINTARIO AND LOTTARIO

Pursuant to section 9 of The Ontario Lottery Corporation Act, 1974, the net profits of the Corporation, after provision for prizes and the payment of expenses and operations, are payable into the Consolidated Revenue Fund of the Province of Ontario. Because of the deficit position of Lottario operations, no payments have been made to the Treasurer of Ontario for the period ended March 31, 1979.

4. NET PROCEEDS—THE PROVINCIAL

Pursuant to Order in Council 3034/76, all moneys attributed to or accruing to Ontario from The Provincial after providing for prizes and the payment of operating expenses, are payable into the Consolidated Revenue Fund of the Province of Ontario to be held in trust.

5. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975. This legislation terminated on December 31, 1978.

ONTARIO LOTTERY CORPORATION

6. COMPARATIVE FIGURES

Certain of the comparative figures for 1978 have been reclassified where necessary to conform to the 1979 presentation.

7. LOTO SELECT

The Government of Canada agreed to withdraw from the computerized lotto game effective October 5, 1978. In return, Ontario and Quebec have agreed to share some of the contractual obligations resulting from the cancellation of Loto Select. A provision of \$2,529,675 representing Ontario Lottery Corporation's share has been set up.

The accompanying notes are an integral part of the financial statements.

Notes to the Financial Statements
December 31, 1978

1. PARTICIPATION IN ENERGY PROJECTS:

All costs incurred by the corporation, less any sundry revenues, are included as the cost of participation in energy projects. The accumulations of such costs as reflected on the balance sheet do not purport to represent the present or future value of the corporation's participation in such projects.

Polar Gas Project:

The corporation is one of five continuing participants, four of whom are presently providing funds, in the Polar Gas Project. The purpose of the project is to determine the feasibility of constructing and operating facilities for the transmission of natural gas from the Arctic Islands to southern markets. Applications and certain supporting documentation relative to the construction and operation of transmission facilities have been filed.

In the event a company is formed to build and operate transmission facilities, each participant's interest is convertible into equity or debt of such company. Alternatively, under certain circumstances each participant's interest may be repaid.

ONTARIO ENERGY CORPORATION

2. SALE OF PARTICIPATION IN SYNCRUDE PROJECT:

Effective November 30, 1978, the corporation sold its participation in the Syncrude Project for \$160,000,000. The sale is subject to final adjustment of the amount due by the corporation to the project at that date on a full accrual basis. It is probable that a further sum will be refunded to the purchaser upon final determination. The amount of such refund which is not yet determinable will be accounted for when agreed upon.

3. GENERAL AND ADMINISTRATIVE EXPENSES:

The general administrative expenses of the corporation have been paid by the Province of Ontario, the corporation's shareholder.

4. INCOME TAXES:

The corporation is not subject to income taxes so long as not less than 90% of its outstanding shares are held directly or indirectly by the Province of Ontario. All of the corporation's outstanding shares are presently held by the Province of Ontario.

5. SUBSEQUENT EVENTS:

Subsequent to the year end the corporation:

Repurchased 1,700,000 issued shares for cash of \$50 per share.

Paid a cash dividend of \$116.789 per share on the remaining 300,000 shares.

Repaid the Treasurer of Ontario.

Became a participant in a joint venture to demonstrate the feasibility of utilizing waste heat from nuclear generating stations for agricultural and aquacultural purposes.

AUDITORS' REPORT

To the Shareholder of

Ontario Energy Corporation:

We have examined the balance sheet of Ontario Energy Corporation as at December 31, 1978 and the statements of earnings and retained earnings and of changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the corporation as at December 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

ONTARIO HYDRO

Summary of Significant Accounting Policies

The accompanying financial statements have been prepared by management in accordance with accounting principles generally accepted in Canada, applied on a consistent basis. Because a precise determination of the carrying values of some assets and liabilities is dependent upon future events, the financial statements necessarily include estimates and approximations. These have been made using careful judgement and in the light of information available up to March 12, 1979. The financial statements, in management's opinion, have been properly prepared within reasonable limits of materiality and within the framework of the accounting policies summarized below.

Fixed assets

Fixed assets include power supply facilities (generation, transmission and distribution); administration and service facilities (land, buildings, transport and service equipment); and heavy water production facilities.

The cost of additions and replacement of component units is capitalized. This cost includes material, labour, engineering, and overhead costs for administration, procurement and other services that are considered applicable to the capital construction program. In addition, the net cost of commissioning generating units is capitalized. This net cost represents the cost of material, labour, fuel and applicable overheads associated with the start-up, testing, and checking into service of generating units, less the value attributed to energy produced by units during their commissioning period. The commissioning period extends from the date of the initial start-up and testing of generating units to the date they are placed in service with an acceptable operating reliability.

In the case of nuclear generation facilities, cost also includes the cost of heavy water purchased and produced. The cost of producing heavy water includes the direct costs of production, applicable overheads, interest, and depreciation of the heavy water production facilities.

Interest is capitalized on construction and commissioning costs at effective annual rates of 9.9% in 1978 and 9.4% in 1977. These rates approximate the average cost of long-term funds borrowed in the years in which expenditures have been made for fixed assets under construction. Interest is capitalized on land costs during the construction and commissioning period; interest is not capitalized on land held for future use.

If a project is cancelled, all costs, including the costs of cancellation, are written off to operations. If a project is deferred after construction has started, mothballing costs associated with the deferment are charged to operations. Interest is not capitalized on deferred projects during the period of their deferral.

For normal retirements, the cost of assets retired is charged to accumulated depreciation with no gain or loss being reflected in operations. For unusual or premature retirements, the gains or losses on assets retired are reflected in operations. For all retirements, the costs of removal, less salvage proceeds, are reflected in current operations as an adjustment to depreciation expense in the year of retirement.

Depreciation

Since January 1, 1971, all additions to fixed assets and the net book value of thermal-electric generating stations in service at the end of 1970 have been depreciated using the straight-line method. All other assets in service at the end of 1970 continue to be depreciated on the sinking fund method. Depreciation rates for the various classes of assets are based on the estimated service lives, which are subject to periodic review. The service lives of major asset classes are:

Generation facilities

— Hydro-electric	50 to 100 years
— Thermal-electric	30 years

Transmission and distribution facilities

Administration and service facilities	25 to 50 years
Heavy water production facilities	5 to 60 years
	20 years

Since 1971, the cost of minor deferred projects have been amortized on a straight-line basis. Commencing in 1979, the costs of major deferred projects will be amortized on a basis yet to be determined.

Nuclear agreement—Pickering units 1 and 2

Ontario Hydro, Atomic Energy of Canada Limited and the Province of Ontario are parties to a joint undertaking for the construction and operation of units 1 and 2 of Pickering Nuclear Generating Station, with ownership of these units being vested in Ontario Hydro. Contributions to the capital cost by Atomic Energy of Canada Limited and the Province of Ontario amounted to \$258 million and these have been deducted in arriving at the value of fixed assets in service in respect of Pickering units 1 and 2. Ontario Hydro is required to make monthly payments until the year 2001 to each of the parties in proportion to their capital contributions. These payments, termed "payback", represent in a broad sense the net operational advantage of having the power generated by Pickering units 1 and 2 as compared with coal-fired units similar to Lambton units 1 and 2.

Commissioning energy

Revenues from the sale of power and energy include revenues from energy produced by generating units during the commissioning period. A charge is included in the cost of operations for the value attributed to the energy produced during the commissioning period. This charge is equivalent to the operating and fuel costs of producing the same quantity of energy at generating units displaced because of the commissioning activity.

ONTARIO HYDRO

Appropriations from net income

Under the provisions of The Power Corporation Act, the price payable by customers for power is the cost of supplying the power. Such cost is defined in the Act to include the cost of operating and maintaining the system, depreciation, interest, and the amounts appropriated for debt retirement and stabilization of rates and contingencies.

The debt retirement appropriation is the amount required under the Act to accumulate in 40 years a sum equal to the debt incurred for the cost of the fixed assets in service. The appropriation for or withdrawal from the stabilization of rates and contingencies reserve is an amount established to maintain a sound financial position and to stabilize the effect of abnormal cost fluctuations.

Foreign currency translation

Long-term debt payable in foreign currencies is translated to Canadian currency at rates of exchange at the time of issue. Current monetary assets and liabilities, including long-term debt payable within one year, are adjusted to Canadian currency at year-end rates of exchange. The resulting translation gains or losses, together with realized exchange gains or losses, are credited or charged to operations.

Advance payments for fuel supplies

As part of its program to ensure the adequate supply of fuels for its generating stations, Ontario Hydro has entered into long-term contracts for the supply of

coal, oil and uranium. Where these contracts require Ontario Hydro to make payments in advance of product delivery, the prepayments and associated costs such as interest are carried in the accounts as advance payments for fuel supplies. These advance payments are to be amortized as part of the cost of the fuels delivered under the contracts or are to be recovered over periods which do not exceed the life of the contracts.

Pension and Insurance Plan

The Pension and Insurance Plan is a contributory, defined benefit plan covering all regular employees of Ontario Hydro. The pension costs for each period include current service costs and amounts required to amortize any unfunded obligation. The most recent actuarial valuation of the pension plan, at December 31, 1977, reported an unfunded obligation of Ontario Hydro of approximately \$133 million. Of this amount:

- \$87 million, representing accumulated experience deficiencies and deficits resulting from changes in actuarial assumptions, was amortized in 1978 on a five year basis. Commencing on January 1, 1979, it is intended to amortize these deficiencies and deficits on a fifteen year basis; accordingly the remaining balances at December 31, 1978 will be amortized over the years 1979 through 1992. This change will reduce the amortization for 1979 by approximately \$15 million
- \$46 million, representing an unfunded liability with respect to improved benefits, is being amortized on a fifteen year basis to 1991.

Auditors' Report

We have examined the statement of financial position of Ontario Hydro as at December 31, 1978 and the statements of operations, reserve for stabilization of rates and contingencies, equities accumulated through debt retirement appropriations and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

As explained in notes 5 and 13(a), the second half of Bruce Heavy Water Plant "D" and the Wesleyville Generating Station have been deferred and it is not known when these assets will be used; and, as explained in note 13(b), decisions have been deferred concerning the construction program on the first half

of Bruce Heavy Water Plant "D" and on the Bruce "B", Darlington and Atikokan generating stations.

In our opinion, subject to the effect, if any, on the financial statements of the ultimate resolution of the uncertainties discussed in the preceding paragraph, these financial statements present fairly the financial position of Ontario Hydro as at December 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

ONTARIO HYDRO

Notes to financial statements

1. Anti-Inflation program

Ontario Hydro was subject to the guidelines under the Federal Anti-Inflation program in the matter of employee compensation to December 31, 1978, the date on which the program terminated. Management is of the opinion that Ontario Hydro has complied with the requirements of the anti-inflation legislation.

Ontario Hydro has also been required by the Province of Ontario to conform with the spirit and intent of the Federal Anti-Inflation program as it applied to net income. As a result of higher than anticipated secondary revenues and lower than anticipated costs, the Corporation had excess revenues in 1977 and 1978. Of the 1977 excess revenues of \$122 million, \$120 million, together with interest, was applied to reduce customers' bills in 1978. The 1978 excess revenues of \$130 million and the 1977 remaining balance, together with interest, will be applied to reduce customers' bills in 1979.

2. Interest

	1978	1977
Interest costs consisted of:	\$'000	\$'000
Interest on bonds, notes, and other debt	899,817	753,251
Less:		
Interest capitalized on fixed assets under construction	298,771	279,492
Interest charged to advance payments for fuel supplies	5,348	4,132
Interest earned on short-term and long-term investments	70,457	56,874
Net gain on redemption of bonds and sale of investments	5,792	5,201
	380,368	345,699
	519,449	407,552

3. Foreign exchange losses (gains)

	1978	1977
Foreign exchange losses (gains) consisted of:	\$'000	\$'000
Net exchange (gain) on redemption and translation of foreign monetary assets and liabilities	(18,932)	(3,724)
Exchange loss on refinancing of Swiss bond issue	48,278	—
	29,346	(3,724)

4. Extraordinary item

In February 1978 the Board of Directors initiated a review of the construction program, following receipt of a revised load forecast projecting a substantially lower rate of growth than previously forecast. As a consequence of this review, two of the four oil-fuelled generating units then under construction at Wesleyville were cancelled. The cost of cancellation of these two units is \$20.5 million which has been recorded as an extraordinary charge against income in 1978. (See note 13(a) for the subsequent deferral of construction of the remaining two units.)

5. Fixed assets under construction

	1978	1977
Fixed assets under construction consisted of:	\$'000	\$'000
Construction in progress	3,463,543	3,076,852
Deferred projects	124,542	7,963
Land held for future use	63,259	53,057
	3,651,344	3,137,872

ONTARIO HYDRO

In December 1978, the Board of Directors, following receipt of a report on the status of Bruce Heavy Water Plant "D" and on the heavy water supply and demand situation, approved a program to stop construction and store the components of the second half of Bruce Heavy Water Plant "D" and restrict expenditures accordingly. Capital expenditures of \$120 million incurred on the second half of this plant were transferred to deferred projects on December 31, 1978. Approximately \$10 million will be spent to bring construction of this half to a point where it can be safely mothballed and stored. Mothballing costs associated with deferment of this half, estimated at approximately \$15 million, were charged to 1978 operations. It is uncertain at this time when the second half of the plant will be used. (See note 13(b) for the subsequent decision relating to the first half of Bruce Heavy Water Plant "D".)

6. Cash and short-term investments

	1978	1977
Cash and short-term investments are recorded at cost (approximately market value) and consisted of:	\$'000	\$'000
Cash and interest bearing deposits with banks and trust companies	595,929	296,528
Corporate bonds and notes	77,074	82,930
Government and government-guaranteed bonds	19,881	68,515
	<u>692,884</u>	<u>447,973</u>

7. Advance payments for fuel supplies

	1978	1977
The advance payments consisted of:	\$'000	\$'000
Coal supply	69,181	58,589
Uranium supply	71,522	—
Residual fuel oil supply	—	36,488
	<u>140,703</u>	<u>95,077</u>

Based on present commitments, additional advance payments for fuel supplies, excluding interest, will total approximately \$541 million over the next five years (including approximately \$151 million in 1979).

8. Long-term investments

	1978	1977
These investments are recorded at amortized cost and consisted of:	\$'000	\$'000
Government and government-guaranteed bonds	59,555	68,623

Market value of these investments at December 31, 1978 was \$46 million (1977—\$58 million).

ONTARIO HYDRO

9. Bonds and notes payable

Bonds and notes payable, expressed in Canadian dollars, are summarized by years of maturity and by the currency in which they are payable in the following table:

Years of maturity	1978			Weighted Average Coupon Rate	1977	
	Principal outstanding \$'000	Principal outstanding \$'000	Principal outstanding \$'000		Principal outstanding \$'000	Weighted Average Coupon Rate
	Canadian	Foreign	Total			
1978	—	—	—		204,131	
1979	141,106	20,242	161,348		151,759

United States dollars			4,679,236		3,842,686	
West German Deutsche marks			124,055		127,924	
Swiss francs			162,939		114,661	
			10,129,119		8,640,531	

Bonds and notes payable in United States dollars include \$3,420 million (1977—\$2,651 million) of Ontario Hydro bonds held by the Province of Ontario and having terms identical with Province of Ontario issues sold in the United States on behalf of Ontario Hydro. Except for these issues and a note of \$106 million payable in Swiss francs, all bonds and notes payable are guaranteed as to principal and interest by the Province of Ontario.

Long-term bonds and notes payable in foreign currencies are translated into Canadian currency at rates of exchange at time of issue. If Ontario Hydro were to translate the face value of its foreign bonds and notes payable at rates of exchange on December 31, 1978, the total amount of these liabilities would have to be increased by \$873 million.

ONTARIO HYDRO

10. Other long-term debt

	1978	1977
Other long-term debt consisted of:	\$'000	\$'000
(a) The balance due to Atomic Energy of Canada Limited for the purchase of Bruce Heavy Water Plant "A". Under the purchase agreement, Ontario Hydro pays equal monthly instalments of blended principal and interest to December 28, 1992, with interest at the rate of 7.795%.....	216,184	224,486
(b) Capitalized lease obligation for the head office building at 700 University Avenue, Toronto. The lease obligation is for the 30-year period ending September 30, 2005, payable in United States dollars at an effective interest rate of 8%.....	43,457	43,746
(c) Capitalized lease obligations for transport and service equipment. Under these agreements, payments of equal monthly instalments of blended principal and interest will be made to 1988, at effective interest rates ranging from 6.8% to 10.4%.....	9,915	—
	<u>269,556</u>	<u>268,232</u>

Payments required on the above debt, exclusive of interest, will total \$61 million over the next five years. The amount payable within one year is \$10.6 million. (1977—\$8.8 million)

11. Payment to Ontario Municipal Electric Association

The amount of this payment is equivalent to interest on the balance held for the benefit of Municipalities in the Reserve for Stabilization of Rates and Contingencies.

12. Reclassification of 1977 amounts

In prior years,

(a) foreign exchange gains or losses were included in interest costs; and

(b) the revenues from primary power and energy were not detailed by class of customer.

To be consistent with the 1978 presentation, 1977 amounts have been reclassified in the Statement of Operations.

13. Subsequent events

(a) At its meeting on February 12, 1979, the Board of Directors approved a load forecast which predicted an average annual compound growth rate to 1987 of 4.65% which is lower than the 5.4% previously forecast. As a result of this revision, the Board of Directors decided to stop construction and store the components of Wesleyville generating station until the early 1990's. Capital costs of \$192 million had been incurred to December 31, 1978 and approximately \$45 million will be spent to bring construction of the project to a point where it can be safely mothballed and stored. Mothballing costs associated with this deferment, which are estimated to be approximately \$35 million, will be charged to 1979 operations.

It was further decided to review the possibility of a deferment or cancellation of the coal-fired Atikokan generating station and an extension of the construction schedules for the Darlington and Bruce "B" nuclear generating stations.

(b) At its meeting on March 12, 1979, the Board of Directors decided, pending additional study, to defer any further decisions on the Bruce "B" and Darlington nuclear generating stations, the Atikokan coal-fired generating station and the first half of Bruce Heavy Water Plant "D" until its April 1979 meeting. Capital costs totalling \$313 million had been incurred to December 31, 1978 on these generating stations and \$200 million on the first half of Bruce Heavy Water Plant "D".

To the Members, Ontario Housing Corporation, and
to the Minister of Housing.

I have examined the balance sheet of Ontario Housing Corporation as at December 31, 1978 and the statements of operations and operating funds due from the Treasurer of Ontario for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at December 31, 1978 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 12 of The Ontario Housing Corporation Act, a report on the audit has been made to the Corporation and to the Minister of Housing.

F. N. SCOTT, F.C.A.
Provincial Auditor.

ONTARIO HOUSING CORPORATION

Notes to Financial Statements
December 31, 1978

1. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1978 presentation.

2. MERGER OF ONTARIO STUDENT HOUSING CORPORATION WITH ONTARIO HOUSING CORPORATION

The former Ontario Student Housing Corporation was dissolved by The Ontario Student Housing Corporation Act, 1978 to take effect on the close of business on June 30, 1978. On that date, its assets amounting to \$81,671,153 and corresponding liabilities, as well as all rights and obligations were vested in Ontario Housing Corporation. Accordingly, the Ontario Housing Corporation Balance Sheet as at December 31, 1978 includes all assets and liabilities of the former Corporation and the Ontario Housing Corporation Statement of Operations for the year ended December 31, 1978 includes student housing operating results for the period from July 1, 1978 to December 31, 1978.

3. SIGNIFICANT ACCOUNTING POLICIES

(a) Investment in Federal-Provincial Properties

Land and building costs relating to Federal-Provincial partnership properties are amortized over the 50 year term of the corresponding partnership agreements.

(b) Investment in Rental Housing Properties on Leased Land

Building costs relating to student housing accommodation constructed on land leased from educational institutions are amortized over the terms of the land leases.

(c) Rental Housing Properties

Land and building costs relating to wholly owned provincial projects are amortized over the 50 year term of the corresponding indebtedness.

(d) Deferred Income

Unrealized gains from the marketing of real property arise when mortgages receivable form part of the consideration on property sales. The gain portion is the excess of the marketing price over cost and this gain is taken into income as related mortgage principal is repaid.

(e) Capitalization of Costs

Carrying charges, consisting principally of interest and grants in lieu of municipal taxes, attributable to properties under development, are capitalized as part of the cost thereof.

(f) Supplies and Equipment

Furniture and equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

4. INVESTMENT IN FEDERAL-PROVINCIAL PROPERTIES

Federal-Provincial properties are operated on a partnership basis with Central Mortgage and Housing Corporation and forty-one municipalities. The balance reported as at the statement date is the Corporation's partnership investment less accumulated amortization. Partnership amortization charges are made up as follows:

	1978		1977	
	Province	C.M.H.C. and Municipalities	Province	C.M.H.C. and Municipalities
Principal repayments	\$178,302	\$ 656,242	\$160,900	\$ 665,484
Carrying charges	635,522	2,209,731	615,419	2,270,160
	<u>\$813,824</u>	<u>\$2,865,973</u>	<u>\$776,319</u>	<u>\$2,935,644</u>
Total amortization per Schedule 2	<u>\$3,679,797</u>		<u>\$3,711,963</u>	

5. INVESTMENT IN RENTAL HOUSING PROPERTIES ON LEASED LAND

Twenty-two such properties provide accommodation to students throughout Ontario in eleven municipalities, administered by eleven universities or colleges and are situated on land leased from these educational institutions. When costs are fully amortized at the end of the lease terms, title to the buildings will be transferred to the respective educational institutions.

ONTARIO HOUSING CORPORATION

6. RENTAL HOUSING PROPERTIES

Amortization charges relating to wholly owned rental housing properties are made up as follows:

	1978	1977
Principal repayments.....	\$ 3,884,406	\$ 3,525,240
Carrying charges.....	94,636,418	84,879,800
Total amortization.....	<u>\$98,520,824</u>	<u>\$88,405,040</u>

The accumulated amortization shown on the balance sheet for 1978 includes \$419,202 which is related to a student housing project that had been transferred to Ontario Housing Corporation as of June 30, 1978.

7. MORTGAGES, DEBENTURES AND CAPITAL INDEBTEDNESS

To finance investments in real estate, and agreements for sale or mortgages arising from the sale of real estate, the Corporation borrows funds from two major sources, Central Mortgage and Housing Corporation and the Treasurer of Ontario. Such borrowings are repaid in varying amounts, depending upon agreement terms, over periods normally not in excess of 50 years.

8. DEFERRED INCOME

Deferred income is made up as follows:

	1978	1977
Unrealized gain from sale of real property....	\$42,869,380	\$45,592,923
Miscellaneous.....	169,836	109,768
	<u>\$43,039,216</u>	<u>\$45,702,691</u>

9. LOSS ON PROVINCIAL HOUSING OPERATIONS

Provincial housing properties are owned and administered by Ontario Housing Corporation. Individual property operating statements are prepared for the benefit of Central Mortgage and Housing Corporation and two hundred and eighty municipalities.

10. RENT SUPPLEMENT PAYMENTS TO LANDLORDS

Under its rent supplement program, the Corporation provides rent-geared-to-income accommodation within the private sector to applicants from its waiting list. The cost of this program is shared with Central Mortgage and Housing Corporation and sixty-seven municipalities. As at December 31, 1978, there were 10,969 such units (1977—8,769 units) under contract with landlords throughout the province.

11. FEDERAL-PROVINCIAL HOUSING OPERATIONS LOSS

Federal-Provincial housing properties were developed under partnership agreements by Central Mortgage and Housing Corporation and are administered by Ontario Housing Corporation and thirty-five housing authorities throughout the province. Individual property operating statements are prepared for the benefit of Central Mortgage and Housing Corporation and forty-one municipalities. The loss reported in the Statement of Operations represents Ontario Housing Corporation's share only.

12. PROVINCIAL CONTRIBUTIONS TO MUNICIPAL HOUSING PROJECTS

In 1978 the Corporation contributed \$3,678,490 (1977—\$2,485,353) to The Metropolitan Toronto Housing Company Limited towards operating costs for senior citizen apartment units.

13. MORTGAGE GUARANTEE RESERVE

The outstanding balance of approved lenders' mortgages guaranteed as at December 31, 1978 was \$38,579,628 (1977—\$52,670,383).

14. PROPERTY DAMAGE RESERVE

The reserve is intended to cover repair costs relating to minor damage by fire, wind, water and vandalism.

15. ADMINISTRATIVE SUPPORT SERVICES

The Ministry of Housing provides central administrative support services to the Corporation. The charge for such support services was determined on a basis acceptable to both the Corporation and the Ministry.

ONTARIO HOUSING CORPORATION

16. CONTINGENCY

In June 1967, the Ontario Government passed The Condominium Act. The initial response to this new housing legislation from the private sector was limited and this prompted Ontario Housing Corporation to embark upon an active program, through Ontario Mortgage Corporation, of financing condominium development. Participation in the financing of more than 14,000 condominium dwellings was undertaken. As an incentive for several of the earlier projects, including Chapel Glen and Flemingdon Woods, comprising more than 2,500 units, Ontario Housing Corporation provided financial guarantees. The contracts for these latter two developments in Metropolitan Toronto included clauses whereby Ontario Housing Corporation agreed to purchase any units remaining unsold six months after substantial completion. Due to a slower than expected public acceptance of high-rise condominiums, Ontario Housing Corporation, under the agreements, became liable during 1972 to purchase the unsold units at these two locations. By mutual agreement with the construction companies, the Corporation's liability with respect to the purchase of the unsold units was deferred in exchange for a corresponding deferment of the companies' liability for interest on construction advances.

Although the construction advances referred to are carried as assets by Ontario Mortgage Corporation, Ontario Housing Corporation is financially responsible for any settlement with the construction companies that may be negotiated under the contract clauses described above. As at December 31, 1978, accrued interest on advances for Chapel Glen and Flemingdon Woods projects amounted to \$6,299,386 (1977—\$6,462,257) and such interest has been included as income in the accounts of Ontario Mortgage Corporation.

17. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act. This legislation terminated on December 31, 1978.

18. SUBSEQUENT EVENT

By Order in Council 1269/79 dated May 2, 1979, the Lieutenant Governor in Council authorized the transfer of certain lands, mortgages and other assets from Ontario Housing Corporation to Ontario Land Corporation, including all the rights and obligations of Ontario Housing Corporation relating to these assets and including responsibility for the specific capital indebtedness attributable thereto. The effective date of the transfer is January 1, 1979. The value of assets and liabilities transferred amounts to approximately \$340 million.

On behalf of the Board:

Director

To Ontario Student Housing Corporation and
to the Minister of Housing for the Province of Ontario.

I have examined the balance sheet of Ontario Student Housing Corporation as at June 30, 1978, and the statements of operations and funds due from Ontario Housing Corporation for the period then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at June 30, 1978 and the results of its operations for the period then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made in accordance with section 17 of Order in Council 3417/66 under which the Ontario Student Housing Corporation was constituted.

Toronto, Ontario,
October 12, 1978.

F. N. SCOTT, C.A.,

ONTARIO STUDENT HOUSING CORPORATION

Notes to Financial Statements

June 30, 1978

1. ACCOUNTING POLICIES

(a) Deferred Income

The deferred income account as at the statement date includes the unearned portion of gain from sale of real estate and net revenue deferred on the operations of the Charles Street property in Toronto.

(b) Administration Fee

Ontario Housing Corporation provides administrative services to Ontario Student Housing Corporation and charges the cost of these services to the latter Corporation. The fee agreed upon between the two Corporations was \$12,500 for the period ended June 30, 1978.

2. INVESTMENT IN RENTAL HOUSING PROPERTIES ON LEASED LAND

The cost of student housing accommodation constructed on land leased from educational institutions is being repaid to the Corporation over the duration of the leases. When costs are fully repaid the buildings will become the property of the various educational institutions. Rental and maintenance activities on twenty-two such properties are administered by eleven universities or colleges in eleven municipalities throughout Ontario.

3. RENTAL HOUSING PROPERTY

This property which is located in Toronto to provide housing for University of Toronto students, is wholly owned by the Corporation and managed by a trust company. Land and building costs are being amortized over the 50 year term of the corresponding indebtedness. Operating losses are payable to the Corporation by the University and are reimbursable to the University from any net revenue of the project.

The amortization charges consist of the following:

	June 30, 1978	Dec. 31, 1977
Principal repayments	\$ 32,157	\$ 61,631
Carrying charges	329,272	661,226
Total amortization	<u>\$ 361,429</u>	<u>\$ 722,857</u>

4. DISSOLUTION OF THE CORPORATION

Ontario Student Housing Corporation was incorporated by Order in Council 3417/66, dated August 18, 1966, for the purpose of developing and managing student housing projects in the Province of Ontario. The Ontario Student Housing Corporation Act, 1978 dissolved the Corporation on June 30, 1978 and vested all its property, rights and obligations in Ontario Housing Corporation on that date.

To the Board of Directors of the Ontario Land Corporation and
to the Minister of Housing.

I have examined the balance sheet of Ontario Land Corporation as at March 31, 1979 and the statement of operations and retained income for the period then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1979 and the results of its operations for the period then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 29 of The Ontario Land Corporation Act, 1974, a report on the audit has been made to the Corporation and to the Minister.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

ONTARIO LAND CORPORATION

Notes to Financial Statements
March 31, 1979

1. SIGNIFICANT CHANGES IN OPERATIONS

- (a) Effective June 1, 1978, responsibility for the operations of the Ontario Land Corporation was transferred from the Ministry of Treasury and Economics to the Ministry of Housing by authority of Order in Council 1683/78.
- (b) An Act to amend The Ontario Land Corporation Act, 1974 received Royal Assent on December 15, 1978, expanding the objects and powers of the Corporation. The Corporation now plans, develops, manages, finances and markets its lands.
- (c) Effective January 1, 1979, certain lands, mortgages and other assets, formerly owned by the Ontario Housing Corporation, including all the rights and obligations of Ontario Housing Corporation relating to these assets and including responsibility for the specific capital indebtedness attributed thereto, were transferred to Ontario Land Corporation from Ontario Housing Corporation by authority of Order in Council 1269/79. The statement of operations and retained income and the schedule of the mortgage guarantee fund, reflect the transactions for the period January 1, 1979 to March 31, 1979 on the above transferred assets. Net operating income or losses will be carried forward as retained income or deficit of the Corporation. In respect of lands originally held by the Corporation, all costs and revenues from dates of property acquisition have been recorded as part of the cost of land.
- (d) Active planning and development of the new communities of Townsend and North Pickering has commenced. In addition, the Ontario Land Corporation is continuing the development of a substantial number of land projects, transferred from Ontario Housing Corporation.
- (e) Capital advances and notes payable to the Treasurer of Ontario in the amount of \$396.9 million were changed from interest bearing to non-interest bearing during the fiscal year ended March 31, 1979.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Income Recognition

- i. Gain or loss from sale of real property is recognized when agreements of purchase and sale are unconditional and as payments on account of such agreements of purchase and sale are received.
- ii. Unrealized gain from sale of real property is carried forward as deferred income. Deferred income arises when mortgages receivable form part of the consideration on sales contracts. The deferred portion is the excess of the selling price over cost and it is taken into income as mortgage principal is repaid.
- iii. Rental Income

Income from long term land leases to homeowners is taken into income as it is received. These leases may be converted to mortgages receivable at the option of the lessee. At the time of conversion, deferred profits, if any, are taken into income as mortgage principal is repaid. Income from the lessees on undeveloped land is applied to reduce capital costs.

(b) Capitalization of Costs

i. Land Costs

- Each land project is recorded at its acquisition cost and carrying charges are capitalized including any principal, interest or grants paid in lieu of municipal taxes attributable to the land under development or held for future development. Capitalization also includes the costs of management and administration, less any revenues that may be recovered from land held for future development.
- Accumulated land costs for each project are pro rated on an acreage basis to each stage, subdivision, or phase under development.
- Land costs allocated to a phase are allocated to the components of a phase in proportion to each component's share of estimated net realizable value.
- Accumulated costs do not purport to represent future realizable values. However, all accumulated costs are taken into account and will be considered in determining the cost of land sales and any resulting gains or losses will be reflected at the time of sale.

ii. Servicing Costs

- Major or primary servicing costs are allocated to the stages, subdivisions and phases under development based on the benefit to the stage, subdivision or phase.
- Internal servicing costs are charged directly to the phase being serviced.
- Total phase servicing costs are allocated to the components of a phase in proportion to each component's share of estimated net realizable value.

iii. Administration Expenses, Marketing Costs and Interest Costs on Servicing

- Administrative and marketing overhead costs are allocated to each phase as a percentage of servicing costs.
- Interest costs on servicing expenses are allocated to each phase based on actual cash flows and interest rates charged.

ONTARIO LAND CORPORATION

—Total phase administrative, marketing and interest costs on servicing are allocated to the components of a phase in proportion to each component's share of estimated net realizable value.

iv. Each phase is treated as a separate cost centre.

v. Operating and Administrative Costs

—The Corporation obtains its operating and administrative support from the private sector or government agencies. In general, professional and technical services such as planning, architectural and engineering are provided by the private sector while administrative support services are provided by the Ministry of Housing.

—Charges for all such services are either capitalized as part of the development costs (see note 2(b)(iii)) or treated as a charge to operations, depending on the nature of the service.

3. INVESTMENT IN LAND

As at March 31, 1979, approximately \$397.2 million of the Corporation's investment in land represented land costs plus interest carrying charges. The remaining \$83.9 million is the cost of servicing land.

A further breakdown of the total investment in lands and carrying charges to March 31, 1979, follows:

(a) Total Investment in Land

New Communities:	
North Pickering.....	\$ 268,325,688
Townsend.....	41,455,427
Other.....	171,323,869
	<u>\$ 481,104,984</u>

(b) Carrying costs consisting of interest capitalized included above:

New Communities:	
North Pickering.....	\$ 66,415,736
Townsend.....	10,314,694
Other.....	\$ 11,539,886
	<u>\$ 88,270,316</u>

4. MORTGAGES, DEBENTURES AND SIMILAR INDEBTEDNESS

To finance investments in real estate and agreements for sale on mortgages arising from the sale of real estate, the Corporation borrows funds from two major sources—Central Mortgage and Housing Corporation and the Treasurer of Ontario. Such borrowings are repaid in varying amounts over periods not in excess of 20 years.

5. CAPITAL INDEBTEDNESS TO THE TREASURER OF ONTARIO

(a) Notes payable, non-interest bearing

To finance investments in new community land sites, the Corporation issued a series of five-year notes; outstanding balances at March 31, 1979, are as follows:

Promissory note payable maturing March 31, 1980.....	\$ 315,650,000
Promissory note payable maturing March 31, 1981.....	12,500,000
Promissory note payable maturing March 31, 1983.....	4,100,000
Promissory note payable maturing September 30, 1983.....	12,912,397
	<u>345,162,397</u>

(b) Other Advances

i. Non-interest bearing

To finance investments in land, other than new community sites, the Corporation borrows money in the form of annual advances from the Treasurer of Ontario.

Effective January 1, 1979 these advances became non-interest bearing by authority of Order in Council 1858/79. Total non-interest bearing advances at March 31, 1979, were.....

51,800,000

Total non-interest bearing indebtedness to the Treasurer of Ontario..... \$ 396,962,397

ONTARIO LAND CORPORATION

ii. Interest bearing

To finance the development of land projects the Corporation borrows funds from the Treasurer of Ontario and Central Mortgage and Housing Corporation. Interest bearing advances from the Treasurer of Ontario relate to services and revenue producing assets such as mortgages, leases and agreements for sale, and these advances bear interest at an average rate of 8.449 per cent. The total borrowing from the Treasurer for investment in services and revenue producing assets amounted to \$109,925,221 as at March 31, 1979.

The promissory notes referred to in note 5(a) are not secured and not assignable; they are redeemable, in whole or in part, at any time at the option of the Corporation. Effective October 1, 1978, these notes became non-interest bearing by authority of Order in Council 958/79. Prior to that time the notes bore interest at various rates; this interest was capitalized in accordance with the accounting policies of the Corporation.

6. MORTGAGE GUARANTEE RESERVE

This reserve was established to secure the contingent liability of the Corporation for guarantees given for mortgages provided by private sector lenders.

The outstanding balance of approved lender mortgages guaranteed as at March 31, 1979 was \$35,334,133.

7. CONTINGENCY

Certain owners of land whose property was expropriated by the Corporation have applied to the Land Compensation Board of Ontario for reassessment of the compensation paid on expropriation of their lands. This amount, which is to be determined by arbitration and negotiation, is estimated at a maximum of \$13 million.

Notes to Financial Statements
March 31, 1979

1. BASIS OF OPERATIONS

The Corporation was created to prepare the Plan for Development and develop the North Pickering Planning Area in accordance with the Plan. During the fiscal year ended March 31, 1979, the Corporation ceased operations and responsibility for the administration and development of North Pickering lands was transferred to the Ontario Land Corporation.

Title to lands in the North Pickering Planning Area continues to be held by the Ontario Land Corporation.

2. DEFERRED PLAN DEVELOPMENT COSTS

The Corporation followed the policy of capitalizing planning, development and administrative costs considered as applicable to the generation of income producing assets. All expenditures incurred from the inception of the Corporation on July 30, 1975 to March 31, 1979 were, therefore, accumulated as deferred plan development costs. On March 27, 1979, the Ministry of Housing received approval from the Management Board of Cabinet for the writing off by North Pickering Development Corporation of the deferred plan development costs.

3. INDEBTEDNESS TO THE TREASURER OF ONTARIO

The Corporation was financed by loans from the Treasurer of Ontario. On March 31, 1979, a transfer payment in the amount of \$1,938,956 was made by the Ministry of Housing in respect of North Pickering plan development to repay in full the indebtedness of the Corporation to the Treasurer of Ontario.

4. SUBSEQUENT EVENT

On May 22, 1979, the Corporation realized all of its assets and discharged all of its liabilities.

ONTARIO MORTGAGE CORPORATION

Notes to Financial Statements
March 31, 1979

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) Interest

In the provision of primary and secondary financing for moderate income families, the Corporation's interest lending rates have been set by the Province of Ontario. Where lending rates are lower than the Corporation's borrowing rates, resulting losses arising from lending at negative interest margins are provided in the provincial annual estimates.

(b) Investments

(i) Securities

Bonds are stated at cost plus accrued interest.

(ii) Mortgages

Mortgages are stated at cost, which includes amounts advanced, interest capitalized and accrued, taxes and other charges, less repayments and unamortized prepayments of mortgage interest.

(iii) Real Estate

Real estate acquired upon default by mortgagors is carried at cost. Cost includes the mortgage receivable balance, accrued interest thereon, amounts paid to acquire title to the property, and maintenance and improvements costs, net of rental revenue. No depreciation is charged on acquired real estate.

A Mortgage and Real Estate Allowance for mortgage and real estate losses is deducted from the applicable investment on the balance sheet. Net gains or losses realized on disposal of real estate and mortgages are recorded in the Mortgage and Real Estate Allowance.

(c) Supplies and Equipment

Furniture and equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

2. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1979 presentation.

3. SECURITIES

The securities are shown as assets of Ontario Mortgage Corporation whereas in prior years they have been shown as assets of the Mortgage Contingency Fund. The Fund was originally created by contributions of 1% of all mortgage loans committed and paid for by borrowers.

	1979	
	Stated Value	Market Value
Province of Ontario and Ontario Hydro Bonds	\$8,833,177	\$8,040,311
Accrued Interest	229,168	
	<u>\$9,062,345</u>	

4. MORTGAGES

(a) Mortgages as at March 31, 1979 consist of the following:

	1979	1978
National Housing Act	\$ 83,241,537	\$105,351,393
Miscellaneous Insured	—	146,339
Uninsured	501,374,166	619,100,028
Accrued Interest and Taxes	13,191,828	15,897,708
	<u>597,807,531</u>	<u>740,495,468</u>
Mortgage and Real Estate Allowance	5,838,960	—
	<u>\$591,968,571</u>	<u>\$740,495,468</u>

ONTARIO MORTGAGE CORPORATION

(b) Sales of mortgages during the year ended March 31, 1979 amounted to \$109,500,465. The capital losses on these sales, have been charged to Mortgage and Real Estate Allowance. During the fiscal year ending March 31, 1980, the Corporation plans to sell additional mortgages as market conditions permit.

5. REAL ESTATE

As at March 31, 1979, the Corporation had acquired title to 665 properties (491 in 1978/79 and 174 in 1977/78) due to default by mortgagors. These properties consist of townhouses, condominium apartments, single family homes and rental apartment complexes.

	As at March 31, 1979	As at March 31, 1978
Acquisition costs of properties—title held by the Corporation	\$24,877,874	\$13,767,676
Properties held under Power of Sale	11,128,195	2,081,387
	<hr/>	<hr/>
	36,006,069	15,849,063
Mortgage and Real Estate Allowance	4,777,329	—
	<hr/>	<hr/>
	\$31,228,740	\$15,849,063
	<hr/>	<hr/>

Subsequent to the year end, 93 additional properties costing \$3,480,391 were acquired and a foreclosure action was begun on a condominium apartment complex with a mortgage value of approximately \$9 million.

6. MORTGAGE AND REAL ESTATE ALLOWANCE

During the current fiscal year, the Mortgage Contingency Fund was discontinued and all the assets of the fund were transferred to and amalgamated with the assets of Ontario Mortgage Corporation. The fund reserve balance was transferred to a Mortgage and Real Estate Allowance account. As at March 31, 1979 the balance in this allowance account was made up as follows:

Transfer from Mortgage Contingency Fund Reserve	\$10,624,748
Provision for the year	1,533,000
Loss on sale of real estate	(260,256)
Insurance premium on mortgage sales	(659,779)
Discount on mortgage sales	(621,424)
	<hr/>
Balance at March 31, 1979	\$10,616,289
	<hr/>

The balance in the allowance account was deducted from the applicable investment as follows:

Mortgages	\$ 5,838,960
Real Estate	4,777,329
	<hr/>
	\$10,616,289
	<hr/>

7. MORTGAGES PAYABLE

These mortgages represent first mortgages outstanding on acquired rental apartment complexes. The Corporation had second mortgage investments outstanding on these properties and took over title to these properties together with the first mortgages in order to protect its investment.

8. ADVANCES FROM THE TREASURER OF ONTARIO

The Corporation borrows funds from the Treasurer of Ontario to finance mortgages receivable. Such borrowings are repaid in varying amounts, depending upon repayments by mortgagors, over periods normally not in excess of 50 years.

9. INTEREST

For the year ended March 31, 1979, negative margin losses of \$2,266,047 were recovered through the estimates process and included in interest revenue.

10. REMUNERATION OF DIRECTORS AND SENIOR OFFICERS

The aggregate direct remuneration for the eight directors and one senior officer for the year ended March 31, 1979 was \$55,173.

11. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation was subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act effective October 14, 1975. This legislation terminated on December 31, 1978.

To the Ontario Development Corporation,
Northern Ontario Development Corporation,
Eastern Ontario Development Corporation,
and to the Minister of Industry and Tourism.

I have examined the combined balance sheet of the Development Corporations consisting of the Ontario Development Corporation, Northern Ontario Development Corporation and Eastern Ontario Development Corporation, as at March 31, 1979 and the combined statements of operations and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these combined financial statements present fairly the financial position of the Development Corporations as at March 31, 1979 and the results of their operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

F. N. Scott, F.C.A.,
Provincial Auditor.

THE DEVELOPMENT CORPORATIONS

Notes to Combined Financial Statements
March 31, 1979

1. SIGNIFICANT ACCOUNTING POLICIES

(a) General

The combined financial statements include the accounts of Ontario Development Corporation, Northern Ontario Development Corporation and Eastern Ontario Development Corporation.

(b) Lease option contracts receivable

These contracts pertain to properties leased to clients with option to purchase. Only that portion of the rental which does not represent the lessees' potential equity in the property is recorded as income, with the balance of the rental being deducted from the lease option receivable.

(c) Serviced land at Sheridan Park, at cost

The original cost as well as the cost of improvements have been apportioned on a per acre basis, and the resultant per acre cost is used in determining the cost of sales of this land.

(d) Depreciation

Depreciation of fixed assets is provided on a straight-line basis, using rates of from 5 to 20 per cent per annum for buildings and improvements, and 20 per cent per annum for equipment. No depreciation has been provided on land and building acquired as a result of default by a borrower referred to in note 3.

Equipment purchases for head and district offices administration are charged to expense in the year of acquisition.

THE DEVELOPMENT CORPORATIONS

2. FIXED ASSETS

Fixed assets are stated at acquisition cost and consist of:

	1979		1978	
	Cost \$	Accumulated Depreciation \$	Cost \$	Accumulated Depreciation \$
Land	341,514	—	341,514	—
Buildings and Improvements	6,437,607	3,460,800	5,635,522	2,941,082
Equipment	373,435	297,589	305,144	254,426
	<u>7,152,556</u>	<u>3,758,389</u>	<u>6,282,180</u>	<u>3,195,508</u>
	3,758,389		3,195,508	
	<u>3,394,167</u>		<u>3,086,672</u>	

3. LAND AND BUILDING

This arose as a result of Northern Ontario Development Corporation taking possession of a security for a loan on default by the borrower. The land and building are stated in the accounts at market value at the date of acquisition.

4. WHOLLY-OWNED SUBSIDIARIES, NOT CONSOLIDATED

Performance loans subject to forgiveness and term loans include amounts of \$452,000 and \$415,028 respectively, advanced to (and representing Northern Ontario Development Corporation's investment in) Thunder Bay Ski Jumps Limited, a wholly-owned subsidiary. The reported loss of this subsidiary for the year ended March 31, 1979 amounted to \$131,629 and the reported deficit at that date was \$383,852.

The Northern Ontario Development Corporation also owns all the issued shares of Minaki Lodge Resort Ltd. and Minaki Development Company Limited. The Corporation's investment in these wholly-owned subsidiaries was written off in 1975-76. The reported losses of these wholly-owned subsidiaries for the year ended March 31, 1979 amounted to \$795,703. The deficits of these two companies as at March 31, 1979 were reported at \$3,255,138 and the contributed surplus of these two companies as at March 31, 1979 was reported at \$555,689.

On July 18, 1978, debentures in the amount of \$4,000,000 and \$5,000,000 payable on demand and bearing interest at the rate of 9½ per cent per annum were issued by Minaki Lodge Resort Ltd. and Minaki Development Company Limited in favour of Ontario Development Corporation. These debentures were issued as security for amounts disbursed by the Ministry of Industry and Tourism and the Northern Ontario Development Corporation to these wholly-owned subsidiary companies.

5. NOTE PAYABLE TO ONTARIO LAND CORPORATION

In order to finance the Ontario Industrial Parks Program, Ontario Development Corporation was authorized to borrow from Ontario Land Corporation an amount not exceeding \$872,550. Of this amount \$277,500 was apportioned to Northern Ontario Development Corporation and \$595,050 to Eastern Ontario Development Corporation. Commencing April 1, 1978, the Ontario Development Corporation has been paying interest semi-annually at the quarterly market interest rate in effect when the loans were authorized, as advised by the Finance Management Branch of Ministry of Treasury and Economics as per Order in Council 963/78 of April 5, 1978. Repayments of principal are being made as principal repayments are received from the individual municipalities.

6. EXPENSES

Expenses totalling \$14,178,594 which include loan write offs are reflected on a modified cash basis and have been paid out of moneys appropriated therefor by the Legislature.

THE DEVELOPMENT CORPORATIONS

7. INTEREST, LESS RECOVERIES FROM TREASURER OF ONTARIO

In the provision of term loan financing, where the Corporations' interest lending rates are lower than the borrowing rates, there are resulting losses arising therefrom. These losses are provided to the Corporations out of funds appropriated by the Legislature. For the current fiscal year, amounts totalling \$6,591,920 were provided and have been deducted from interest expense.

8. CONTINGENT LIABILITIES

As at March 31, 1979 contingent liabilities in the form of guaranteed bank loans or other guarantees amounted to \$13,917,805 (1978—\$9,239,431).

9. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporations are subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975. This legislation terminated on December 31, 1978.

10. COMMITMENTS

Loans authorized but not disbursed as at March 31, 1979 amounted to \$43,400,000 (1978—\$39,600,000). The amount of guarantees approved in respect of which bank loans had yet to be advanced was \$11,364,045 (1978—\$4,481,569).

To the Ontario Development Corporation and
to the Minister of Industry and Tourism.

I have examined the balance sheet of Ontario Development Corporation as at March 31, 1979 and the statements of operations, industrial parks operations and retained earnings for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1979 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 24 of The Development Corporations Act, 1973, a report on the audit has been made to the Corporation and to the Minister.

F. N. Scott, F.C.A.,
Provincial Auditor.

ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements
March 31, 1979

1. SIGNIFICANT ACCOUNTING POLICIES

- (a) Loans Receivable re Northern Ontario Development Corporation
Loans Receivable re Eastern Ontario Development Corporation.

Loans are disbursed by these Corporations under section 12(1) of The Development Corporations Act, 1973. In accordance with this Act, the loan agreements have been drawn between the borrowers and Ontario Development Corporation. Accordingly, such loans are deemed as receivable by this Corporation, and also, as payable to Northern Ontario Development Corporation and to Eastern Ontario Development Corporation.

Provision for doubtful loans excludes the provision relative to term loans administered by Ontario Development Corporation for the above two Corporations. The amount of such provision relative to these term loans is applied as a reduction of the corresponding loans receivable, and as a reduction of Ontario Development Corporation's liability to these two Corporations with respect to such term loans.

Performance loan forgiveness excludes the forgiveness relative to performance loans administered by Ontario Development Corporation for the above two Corporations. The amount of such forgiveness relative to these performance loans is applied as a reduction of the corresponding loans receivable, and as a reduction of Ontario Development Corporation's liability to these two Corporations with respect to such performance loans.

- (b) Serviced land at Sheridan Park, at cost

The original cost as well as the cost of improvements have been apportioned on a per acre basis, and the resultant per acre cost is used in determining the cost of sales of this land.

ONTARIO DEVELOPMENT CORPORATION

(c) Depreciation

Depreciation of fixed assets is provided on a straight-line basis, using rates of from 5 to 20 per cent per annum for buildings and improvements, and 20 per cent per annum for equipment.

Equipment purchases for head and district offices administration are charged to expense in the year of acquisition.

2. FIXED ASSETS

Fixed assets are stated at acquisition cost and consist of:

	1979		1978	
	Cost \$	Accumulated Depreciation \$	Cost \$	Accumulated Depreciation \$
Land	341,514	—	341,514	—
Buildings and Improvements	6,437,607	3,460,800	5,635,522	2,941,082
Equipment	373,435	297,589	305,144	254,426
	<u>7,152,556</u>	<u>3,758,389</u>	<u>6,282,180</u>	<u>3,195,508</u>
	3,758,389		3,195,508	
	<u>3,394,167</u>		<u>3,086,672</u>	

3. NOTE PAYABLE TO ONTARIO LAND CORPORATION

In order to finance the Ontario Industrial Parks Program, Ontario Development Corporation was authorized to borrow from Ontario Land Corporation an amount not exceeding \$872,550. Of this amount \$277,500 was apportioned to Northern Ontario Development Corporation and \$595,050 to Eastern Ontario Development Corporation. Commencing April 1, 1978, the Ontario Development Corporation has been paying interest semi-annually at the quarterly market interest rate in effect when the loans were authorized, as advised by the Finance Management Branch of Ministry of Treasury and Economics as per Order in Council 963/78 of April 5, 1978. Repayments of principal are being made as principal repayments are received from the individual municipalities.

4. EXPENSES

Expenses totalling \$10,199,251 are reflected on a modified cash basis, and have been paid out of moneys appropriated therefor by the Legislature. These expenses include loan write offs as well as certain administrative costs incurred on behalf of Northern Ontario Development Corporation and Eastern Ontario Development Corporation.

5. INTEREST, LESS RECOVERIES FROM TREASURER OF ONTARIO

In the provision of term loan financing, where the Corporation's interest lending rates are lower than the borrowing rates, there are resulting losses arising therefrom. Commencing with the 1976-77 fiscal year, such losses were provided to the Corporation out of funds appropriated by the Legislature. For the current fiscal year, an amount of \$1,828,000 was so provided and deducted from interest expense.

6. CONTINGENT LIABILITIES

As at March 31, 1979 contingent liabilities in the form of guaranteed bank loans or other guarantee amount to \$12,296,905 (1978—\$9,149,431).

7. COMPARATIVE FIGURES

Comparative figures have been reclassified where necessary to conform to 1979 presentation.

8. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975. This legislation terminated on December 31, 1978.

9. COMMITMENTS

Loans authorized but not disbursed as at March 31, 1979 amounted to \$20,900,000 (1978—\$19,300,000). The amount of guarantees approved in respect of which bank loans had yet to be advanced was \$11,174,945 (1978—\$4,471,569).

On behalf of the Board:

Director

Director

To the Northern Ontario Development Corporation and
to the Minister of Industry and Tourism.

I have examined the balance sheet of Northern Ontario Development Corporation as at March 31, 1979 and the statements of operations and deficit for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1979 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 24 of The Development Corporations Act, 1973, a report on the audit has been made to the Corporation and to the Minister.

F. N. Scott, F.C.A.,
Provincial Auditor.Toronto, Ontario,
August 10, 1979.

NORTHERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements
March 31, 1979

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Due from Ontario Development Corporation

Loans are disbursed by the Corporation under section 12(1) of The Development Corporations Act, 1973. In accordance with this Act, the loan agreements have been drawn between the borrowers and Ontario Development Corporation. Accordingly, such loans are deemed as receivable from Ontario Development Corporation.

The amount of the provision for doubtful loans relative to term loans is applied by the Corporation, through a charge to operations, as a reduction of the amount due from Ontario Development Corporation.

The amount of any forgiveness relative to performance loans is applied by the Corporation, through a charge to operations, as a reduction of the amount due from Ontario Development Corporation.

(b) Lease option contract receivable

This contract pertains to property leased to a client with option to purchase. Only that portion of the rental which does not represent the lessee's potential equity in the property is recorded as income, with the balance of the rental being deducted from the lease option receivable.

(c) Supplies and equipment

Equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

2. LAND AND BUILDING

This arose as a result of the Corporation taking possession of a security for a loan on default by the borrower. The land and building are stated in the accounts at market value.

3. WHOLLY-OWNED SUBSIDIARIES, NOT CONSOLIDATED

Performance loans, subject to forgiveness and term loans include amounts of \$452,000 and \$415,028 respectively, advanced to (and representing the Corporation's investment in) Thunder Bay Ski Jumps Limited, a wholly-owned subsidiary. The reported loss of this subsidiary for the year ended March 31, 1979 amounted to \$131,629 and the reported deficit at that date was \$383,852.

The Corporation also owns all the issued shares of Minaki Lodge Resort Ltd. and Minaki Development Company Limited. The Corporation's investment in these wholly-owned subsidiaries was written off in 1975-76. The reported losses of these wholly-owned subsidiaries for the period ended March 31, 1979 amounted to \$795,703. The deficits of these two companies as at March 31, 1979 were reported at \$3,225,138 and the contributed surplus of these two companies as at March 31, 1979 was reported at \$555,689.

On July 18, 1978, debentures in the amount of \$4,000,000 and \$5,000,000 payable on demand and bearing interest at the rate of 9½ per cent per annum were issued by Minaki Lodge Resort Ltd. and Minaki Development Company Limited in favour of Ontario Development Corporation. These debentures were issued as security for amounts disbursed by the Ministry of Industry and Tourism and the Corporation to these wholly-owned subsidiary companies.

4. NOTE PAYABLE TO ONTARIO LAND CORPORATION

In order to finance the Ontario Industrial Parks Program, Ontario Development Corporation was authorized to borrow from Ontario Land Corporation an amount not exceeding \$872,550. Of this amount \$277,500 was apportioned to Northern Ontario Development Corporation. Commencing April 1, 1978, the Ontario Development Corporation has been paying interest semi-annually at the quarterly market interest rate in effect when the loans were authorized, as advised by the Finance Management Branch of Ministry of Treasury and Economics as per Order in Council 963/78 of April 5, 1978. Repayments of principal will be made as principal repayments are received from the individual municipalities.

5. EXPENSES

Expenses totalling \$3,385,387 which include loan write offs are reflected on a modified cash basis, and have been paid out of moneys appropriated therefor by the Legislature. These expenses do not include certain administrative expenses absorbed by Ontario Development Corporation.

NORTHERN ONTARIO DEVELOPMENT CORPORATION

6. INTEREST, LESS RECOVERIES FROM TREASURER OF ONTARIO

In the provision of term loan financing, where the Corporation's interest lending rates are lower than the borrowing rates, there are resulting losses arising therefrom. Additionally, the Corporation, on a cash basis, incurs shortages resulting from interest paid being in excess of interest received. For the fiscal years 1976-77 and 1977-78, the above two elements were provided to the Corporation out of funds appropriated by the Legislature. However, as of April 1, 1978, the Corporation stopped claiming for the second element but continued the practice of claiming for losses incurred from lending at lower than the borrowing rates. For the current fiscal year, an amount of \$1,907,902 was provided and has been deducted from interest expense.

7. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975. This legislation terminated on December 31, 1978.

8. CONTINGENT LIABILITY

As at March 31, 1979, a contingent liability in the form of a guaranteed bank loan amounted to \$93,000 (1978—nil).

9. COMMITMENTS

Loans authorized but not disbursed as at March 31, 1979 amounted to \$7,100,000 (1978—\$8,200,000). The amount of guarantees approved in respect of which bank loans had yet to be advanced was \$16,100 (1978—nil).

EASTERN ONTARIO DEVELOPMENT CORPORATION

Notes to Financial Statements

March 31, 1979

1. SIGNIFICANT ACCOUNTING POLICIES

(a) Due from Ontario Development Corporation

Loans are disbursed by the Corporation under section 12(1) of The Development Corporations Act, 1973. In accordance with this Act, the loan agreements have been drawn between the borrowers and Ontario Development Corporation. Accordingly, such loans are deemed as receivable from Ontario Development Corporation.

The amount of the provision for doubtful accounts relative to these loans is applied by the Corporation, through a charge to operations, as a reduction of the amount due from Ontario Development Corporation.

(b) Lease option contract receivable

This contract pertains to property leased to a client with option to purchase. Only that portion of the rental which does not represent the lessee's potential equity in the property is recorded as income, with the balance of the rental being deducted from the lease option receivable.

(c) Supplies and equipment

Equipment purchases for general office use are charged to supplies and equipment in the year of acquisition.

2. NOTE PAYABLE TO ONTARIO LAND CORPORATION

In order to finance the Ontario Industrial Parks Program, Ontario Development Corporation was authorized to borrow from Ontario Land Corporation an amount not exceeding \$872,550. Of this amount \$595,050 was apportioned to Eastern Ontario Development Corporation.

Commencing April 1, 1978 the Ontario Development Corporation has been paying interest semi-annually computed at the quarterly market interest rate in effect when the loans were authorized as advised by the Finance Management Branch of Ministry of Treasury and Economics as per Order in Council 963/78 of April 5, 1978. Repayments of principal are being made as principal repayments are received from the individual municipalities.

3. EXPENSES

Expenses totalling \$593,956 which include loan write offs, are reflected on a modified cash basis, and have been paid out of moneys appropriated therefor by the Legislature. These expenses do not include certain administrative expenses absorbed by Ontario Development Corporation.

4. INTEREST, LESS RECOVERIES FROM TREASURER OF ONTARIO

In the provision of term loan financing, where the Corporation's interest lending rates are lower than the borrowing rates, there are resulting losses arising therefrom. Additionally, the Corporation, on a cash basis, incurs shortages resulting from interest paid being in excess of interest received. For the fiscal years 1976-77 and 1977-78, the above two elements were provided to the Corporation out of funds appropriated by the Legislature. However, as of April 1, 1978, the Corporation stopped claiming for the second element but continued the practice of claiming for losses incurred from lending at lower than the borrowing rates. For the current fiscal year, an amount of \$2,856,017 was provided and has been deducted from interest expense.

5. CONTINGENT LIABILITIES

As at March 31, 1979 contingent liabilities in the form of guaranteed bank loans or other guarantee amount to \$1,527,000 (1978—\$90,000).

6. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation is subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975. This legislation terminated on December 31, 1978.

7. COMMITMENTS

Loans authorized but not disbursed as at March 31, 1979 amount to \$15,400,000 (1978—\$12,100,000). The amount of guarantees approved in respect of which bank loans had yet to be advanced was \$173,000 (1978—\$10,000).

8. SUBSEQUENT EVENT

On July 24, 1979, a receiver was appointed by a creditor to administer the operations of a company which had an outstanding incentive loan balance of \$1 million payable to the Corporation as at March 31, 1979. An allowance for doubtful loans for this debt has not been set up in the accounts.

ONTARIO PLACE CORPORATION

Notes to Financial Statements
March 31, 1979

1. FIXED ASSETS

The Corporation charges all additions to fixed assets as expenditures in the year of acquisition, and reflects fixed assets on the balance sheet at a nominal value. Funds required for such purchases are provided by way of grants from the Province of Ontario.

The total accumulated costs of fixed assets acquired since inception, less disposals to March 31, are as follows:

	1979	1978
	\$	\$
Improvements to land	2,272,826	2,071,607
Buildings	4,171,100	3,723,889
Furniture and equipment	2,447,837	1,568,690
	<u>8,891,763</u>	<u>7,364,186</u>

Additionally, the capital cost of facilities provided by the Province of Ontario prior to April 1, 1975, less disposals, amounted to approximately \$29,001,487 as at March 31, 1979.

2. CONCESSIONS

Concession revenue includes rents from concessionaires and the net operating profit/loss of two wholly-owned concessions, Trillium Place and Caboose, which are operated under a management agreement.

3. GROSS PROFIT ON BOUTIQUE SALES

The operations of the boutiques are summarized as follows:

	1979	1978
	\$	\$
Sales	691,937	613,581
Cost of sales		
Opening inventory	72,938	46,375
Purchases	411,945	374,037
	<u>484,883</u>	<u>420,412</u>
Closing inventory	91,802	72,938
	<u>393,081</u>	<u>347,474</u>
Gross profit on boutique sales	<u>298,856</u>	<u>266,107</u>

4. NET OPERATING LOSS

The net operating loss of \$372,952 is mainly the result of a \$356,421 increase in expenditure incurred on repairs made to Ontario Place property damaged by a severe storm on January 26, 1978. In addition, of the \$1,542,000 Province of Ontario capital grant received in 1978-79, there was an unspent balance of \$14,424. Had it not been for the increase in property repairs and an underexpenditure of capital grant, there would have been an operating loss of \$30,955.

5. EXTRAORDINARY INCOME

The amount in 1978 represents funds recovered from the Corporation's former director of programming and entertainment and former director of construction, planning and maintenance and two other persons convicted of fraud against the Corporation. The amount in 1979 represents a refund received from Revenue Canada previously paid as income tax on the portion of funds recovered from the fraud case referred to in first part of this note.

6. COMMITMENTS AND CONTINGENCIES

(a) The Corporation has committed \$210,017 to be paid in the 1979-80 fiscal year on capital projects which were in process at March 31, 1979.

ONTARIO PLACE CORPORATION

- (b) The Corporation has entered into an agreement for the production of an Imax film at an agreed price of \$433,559, plus foreign exchange premiums on expenses incurred while filming on locations outside of Canada. As at March 31, 1979, a balance of \$108,599 on the contract price will have to be paid in 1979-80.
- (c) Pursuant to the latest actuarial report on the Public Service Superannuation Fund, the Corporation is required to make annual payments of approximately \$40,000 toward the unfunded liabilities of the Fund over a period commencing with the 1978-79 fiscal year and ending substantially on January 1, 1992.

7. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Corporation was subject to controls on compensation instituted by the Government of Canada in the Anti-Inflation Act, effective October 14, 1975 to December 31, 1978.

To Ontario Place Corporation and
to the Minister of Industry and Tourism.

I have examined the balance sheet of Ontario Place Corporation as at March 31, 1979 and the statement of operations and retained income for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1979 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Corporation and to the Minister.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Toronto, Ontario,
June 14, 1979.

See accompanying notes.

On Behalf of the Board:

Chairman

Vice Chairman of Administration

To the Workmen's Compensation Board and
to the Minister of Labour.

The statement of financial position—Schedule 1 Accident Fund and Schedule 2 of Workmen's Compensation Board as at December 31, 1978 and the statement of income and unfunded liability—Schedule 1 Accident Fund for the year then ended have been examined. The examination was made under my direction by the auditor appointed by the Lieutenant Governor in Council and I have relied on the work and report of the auditor so appointed. The examination was made in accordance with generally accepted auditing standards and accordingly included such tests and other procedures as were considered necessary in the circumstances including those necessary to rely on the work and report of the appointed auditor.

In my opinion these financial statements present fairly the financial position of the Board as at December 31, 1978 and the results of its operations for the year then ended in accordance with generally accepted accounting principles which, except for the change of accounting for gains or losses on the sale of investments, as referred to in Note 1 to the financial statements, have been applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Board and to the Minister.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Toronto, Ontario,
April 30, 1979.

WORKMEN'S COMPENSATION BOARD

**Consulting Actuary's Report on the Valuation of the Actuarial Liabilities
of the Schedule I Accident Fund of the Workmen's Compensation Board of Ontario
as at December 31, 1978**

The estimated present value of future compensation, pension payments and medical aid under Schedule I on account of accidents that occurred on or before December 31, 1978 in the amount of \$1,730,000,000 has been computed by the Board's Staff Actuary in accordance with methods and assumptions approved by us. We believe that the assumptions made are appropriate for this valuation and the methods employed are in accordance with sound actuarial principles. We have made such tests of the calculations as were deemed necessary. We have also examined the data upon which the calculations were based and found it to be sufficient for our purposes and consistent with the Board's financial statements.

In calculating the present value, no provision was made for potential future legislated amendments to The Workmen's Compensation Act. The methods and assumptions employed are substantially the same as those employed in the valuation as of December 31, 1977. We made certain refinements in methods which did not significantly affect the aggregate estimated present value of the future payments referred to above.

In our opinion, which includes the foregoing comments, the amount of \$1,730,000,000 as at December 31, 1978 makes reasonable provision for future compensation, pension payments and medical aid under Schedule I on account of accidents that occurred on or before December 31, 1978.

SAMUEL ECKLER, F.S.A., F.C.I.A.

DAVID A. SHORT, F.S.A., F.C.I.A.

See accompanying notes.

WORKMEN'S COMPENSATION BOARD

Notes to Financial Statements
year ended December 31, 1978

1. CHANGE IN ACCOUNTING POLICY

During the year the Board adopted a new accounting policy relating to the reporting of gains or losses on the sale of Schedule 1 and Schedule 2 investments (see Note 2(a)).

Under the previous policy all gains or losses in respect to the sale of Schedule 1 investments were recognized when they occurred.

In addition, the 1974 unamortized loss resulting in the restructuring of the Schedule 2 investment portfolio, which was being amortized over a certain number of years, has now been written-off.

The change in accounting policy has not been applied retroactively to previous years and has resulted in the increase of Schedule 1 investment income and the decrease of Schedule 2 investment income by \$2,419,000 and \$171,701 respectively, compared to the amounts which would have otherwise been presented had the change not occurred.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Investments are carried at amortized cost for bonds and amortized cost less principal repayments for mortgages, each plus or minus the unamortized balance of losses or gains on sales. The difference between the proceeds on the sale of a bond or mortgage and its book value is considered to be an adjustment of future portfolio yield deferred on the statement of financial position and amortized over the lesser of the period to maturity of the security sold or 20 years.

(b) Fixed assets are recorded at cost and depreciated on a straight line basis at the following rates:

Buildings	2½%
Equipment	20%
Motor vehicles	25%
Leasehold improvements	10%

(c) Assessment income is determined on the basis of payrolls reported by employers.

(d) The Board has established assessment policies which are deemed to be sufficient to finance an unfunded liability which has been determined to exist as a result of making the provision for the estimated present value of future payments to existing claimants. The estimated present value of future payments to existing claimants is determined annually on the basis of actuarial valuations.

3. 1978 LEGISLATIVE AMENDMENTS

In 1978, the Legislature approved amendments to the Act as follows:

- (i) the increase in existing permanent pension awards,
- (ii) the increase in future pension awards relating to claims which occurred prior to January 1, 1978 and
- (iii) the retroactive increase in pension payments, the amount of which was paid during 1978.

The total costs of these amendments have been determined to be \$270 million of which \$30 million has been provided for in the current year and the remaining \$240 million forms part of the \$1,730 million estimated present value of future payments to existing claimants as at December 31, 1978.

4. COMPARATIVE FIGURES

Certain of the 1977 comparative figures have been reclassified in order to conform with the current year's financial statement presentation.

7. ANTI-INFLATION GUIDELINES

Pursuant to the terms of the enabling Act of the Ontario Legislature, the Board is subject to Part IV of the guidelines issued under the Federal Anti-inflation Act. Accordingly salaries and wages paid by the Board are subject to restraint under the Federal program.

The Board has complied with the anti-inflation guidelines from the date of inception of the program to its termination.

8. COMMITMENT TO BOARD'S SUPERANNUATION FUND

The actuarial review of the Superannuation Fund as at January 1, 1978 as required by the Ontario Pension Commission was completed and submitted.

The aforementioned review revealed the Fund to be in a surplus position and therefore an annual supplementary contribution by the Board, as recommended in the previous review, is not required.

ALGONQUIN FORESTRY AUTHORITY

Notes to Financial Statements
March 31, 1979

1. FIXED ASSETS, DEPRECIATION AND AMORTIZATION

Fixed assets in service are stated at acquisition cost and consist of:

	1979		1978	
	Cost	Accumulated Depreciation and Amortization	Cost	Accumulated Depreciation and Amortization
	\$	\$	\$	\$
Furniture and fixtures.....	25,142	7,700	24,387	5,231
Technical equipment.....	5,722	1,317	4,360	795
Automotive equipment.....	51,836	29,180	50,696	23,182
Buildings and structures.....	13,462	1,909	13,518	563
Capital roads.....	237,465	92,287	179,406	56,353
	333,627	132,393	272,367	86,124
	132,393		86,124	
	201,234		186,243	

Depreciation is provided for on the straight line method, generally using rates of 10 per cent per annum for furniture, fixtures, technical equipment, buildings and structures and 33 $\frac{1}{3}$ per cent per annum for automotive equipment. The cost of capital roads is amortized over the estimated number of operating seasons for which the roads are to be used, with a maximum amortization period of ten years.

2. DEFERRED CHARGES

The costs of \$92,410 represent a part of a forest management plan. The Authority plans to amortize these costs on a straight line basis over twenty years, commencing with the 1980-81 fiscal year.

3. GRANT, PROVINCE OF ONTARIO

The Authority received a grant of \$20,000 for the 1979 fiscal year from the Province of Ontario pursuant to section 12 of The Algonquin Forestry Authority Act, 1974. This grant was to cover extraordinary expenses for the 1979 fiscal year.

4. COMPARATIVE FIGURES

Comparative figures for 1978 have been reclassified where necessary to conform with 1979 presentation.

5. ANTI-INFLATION LEGISLATION

Pursuant to the terms of an agreement between the Province of Ontario and the Government of Canada, the Authority was subject to controls on prices, profits, and compensation instituted by the Government of Canada in the Anti-Inflation Act effective from October 14, 1975 to December 31, 1978.

6. COMMITMENTS

Pursuant to the latest actuarial report on the Public Service Superannuation Fund, the Authority is required to make annual payments of approximately \$14,000 toward the unfunded liabilities of the Fund over a period commencing with the 1978-79 fiscal year and ending substantially on January 1, 1992.

ALGONQUIN FORESTRY AUTHORITY

To the Members, Algonquin Forestry Authority, and
to the Minister of Energy and Natural Resources.

I have examined the balance sheet of the Algonquin Forestry Authority as at March 31, 1979 and the statements of income and expense, surplus, and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1979 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

In accordance with section 18 of The Algonquin Forestry Authority Act, 1974, a report on the audit has been made to the Authority and to the Minister.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Toronto, Ontario,
June 6, 1979.

Notes to Financial Statements
for the year ended October 31, 1978

1. ACCOUNTING POLICIES

(a) Inventories

Inventories are valued at the lower of cost and net realizable value.

(b) Fixed assets

All fixed assets are recorded at cost. Depreciation has been recorded on the straight-line method, using rates from 2 to 20 per cent for buildings, roadways and structures, from 10 to 50 per cent for equipment and furnishings and from 15 to 40 per cent for automobiles and trucks.

THE NIAGARA PARKS COMMISSION

Notes to Financial Statements—Continued

2. CHANGES IN ACCOUNTING POLICIES

As at October 31, 1978 the Commission has recorded in its accounts the following amounts not previously recorded at year end:

	\$
(a) additional rental income from the Rainbow Bridge Complex referred to as "excess rents" as a result of percentage clauses contained in each lease	30,182
(b) retroactive water rentals from Ontario Hydro and The Canadian Niagara Power Company, Limited as provided for under the water rental agreements	124,931
	<u>155,113</u>

The effect of these changes in accounting policies is to increase the net income for the year by \$155,113.

3. FIXED ASSETS

	Cost \$	Accumulated Depreciation \$	Net Book Value \$
Land	4,720,601	—	4,720,601
Buildings, roadways and structures	17,029,644	6,731,200	10,298,444
Equipment and furnishings	2,604,797	1,536,220	1,068,577
Automobiles and trucks	600,482	371,370	229,112
	<u>24,955,524</u>	<u>8,638,790</u>	<u>16,316,734</u>

4. CAPITAL PROGRAM

The Commission has commenced initial work in connection with the development of a parking area and transit system to alleviate traffic problems in Queen Victoria Park. The total cost of this program, which will extend over a period of years, is estimated to be \$9,500,000. As at October 31, 1978, \$1,199,710 has been expended on the program. The Commission has earmarked \$1,800,000 which has been invested for the eventual use toward this capital program. (October 31, 1977—\$1,300,000)

5. MORTGAGE PAYABLE

The mortgage payable is secured by land with a carrying value of \$70,000.

6. TRUST FUNDS

The Commission administers trust funds for the perpetual care of a cemetery plot at Drummond Hill Cemetery. As at October 31, 1978 these funds totalled \$3,271. (October 31, 1977—\$3,067)

7. COMPARATIVE FIGURES

Comparative figures for 1977 have been reclassified where necessary to conform to 1978 presentation.

To The Niagara Parks Commission and
to the Minister of Natural Resources.

I have examined the balance sheet of The Niagara Parks Commission as at October 31, 1978 and the statements of income and expenditure, equity and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Commission as at October 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles which, except for the changes in accounting for excess rents and retroactive water rentals as described in Note 2, have been applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Commission and to the Minister.

F. N. SCOTT, C.A.,
Provincial Auditor.

AUDITOR'S REPORT

To the Ontario Northland Transportation Commission and
to the Minister of Northern Affairs.

I have examined the consolidated balance sheet of the Ontario Northland Transportation Commission as at December 31, 1978 and the consolidated statements of income, retained income, contributed surplus and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these consolidated financial statements present fairly the financial position of the Commission as at December 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Toronto, Ontario,
March 22, 1979.

See accompanying schedules and notes to financial statements.

ONTARIO NORTHLAND TRANSPORTATION COMMISSION

Notes to Consolidated Financial Statements
December 31, 1978

1. Significant Accounting Policies

(a) Basis of consolidation

The consolidated financial statements include the accounts of the Commission and its wholly-owned subsidiaries, Star Transfer Limited and The Owen Sound Transportation Company, Limited.

(b) Materials and supplies

With the exception of used rail, all materials and supplies are shown at cost. Used rail is shown at estimated utility value.

(c) Franchises

Franchises consist of the following:

	1978	1977
	\$	\$
Bus and truck franchises	485,439	485,439
Excess of cost of investment in subsidiaries over the book value of the underlying net assets at dates of acquisition	468,994	468,994
	<u>954,433</u>	<u>954,433</u>

In the opinion of management there is no indication of a decline in value of the above items and accordingly they are not being amortized.

(d) Investment in property and depreciation

Fixed assets are stated at acquisition cost with the exception of the Commission's office furniture and equipment, which is charged to operations in the year of purchase. With the exception of highway equipment, depreciation is primarily provided on a straight-line basis based upon the estimated service lives of depreciable property. Highway equipment is depreciated on the diminishing balance basis based upon the estimated service life of the equipment. Except for uncompleted projects, for which no depreciation is provided, depreciation generally is based on asset balances at the beginning of the year. For railway and telecommunication properties, the rates used are as authorized by the Canadian Transport Commission.

The estimated service lives used for principal categories of assets are as follows:

Road—main line and branches	20 to 200 years
Railway diesel locomotives	25 years
Railway freight cars	33 years
Vessel	33 years
Aircraft	10 years
Barges	20 years

Three aircraft and the vessel M.S. Chi-Cheemaun, originally acquired and owned by the Ontario Ministry of Transportation and Communications, were transferred to the Commission and The Owen Sound Transportation Company, Limited, respectively, during 1975. Accordingly, these fixed assets have been recorded at their original cost as incurred by the Ministry together with offsetting credits to Contributed Surplus. Additionally, reimbursements by the Province of Ontario of the costs of certain fixed assets initially purchased by the Commission and The Owen Sound Transportation Company, Limited, are credited to Contributed Surplus. Annual depreciation charges on these fixed assets, including the aircraft and the vessel, are recorded as a reduction to Contributed Surplus.

(e) Income taxes

As Crown Corporations of the Province of Ontario, the Commission and its wholly-owned subsidiaries are exempt from income taxes and accordingly no provision is reflected in operations.

(f) Self-insurance

The Commission and its wholly-owned subsidiary, Star Transfer Limited, follow the policy of self-insuring for damage from train derailments and motor vehicle collisions respectively.

(g) Personal injuries

The Commission pays for injuries to its employees on a cash basis as accounts are received from the Workmen's Compensation Board. A deposit of \$20,000 is held by the Workmen's Compensation Board of Ontario for this purpose. No provision is made for future ongoing liabilities.

(h) Federal subsidies

Federal Government subsidies are accounted for on the cash basis.

ONTARIO NORTHLAND TRANSPORTATION COMMISSION

2. Accounts Receivable

Accounts receivable include subsidies receivable from the Province of Ontario amounting to \$85,944 (1977 - \$2,226,026).

3. Contributory Pension Fund

Based on the December 31, 1978, actuarial review, the unfunded liability of the Commission and its wholly-owned subsidiaries under the Commission's Contributory Pension Fund totals \$49,681,762. Of this amount \$19,443,107 represents the initial unfunded liability as of January 1, 1965; the balance of \$30,238,655 represents the balance of unfunded liabilities revealed subsequent to January 1, 1965.

The Commission and its subsidiaries are making payments of interest and principal into the fund in accordance with the Regulations under The Pension Benefits Act. These payments have the effect of:

- preventing an increase in the initial unfunded liability;
- liquidating the balance of the unfunded liabilities over a period ending December 31, 1993.

Payments in respect of the 1978 actuarial review are scheduled to commence in 1979. Payments recorded in 1978 and 1977 were based upon the 1975 actuarial review except that in 1978, the amount paid was \$447,701 in excess of the amount specified in the actuarial review.

4. Anti-Inflation Legislation

The Commission and its wholly-owned subsidiaries were subject to controls on prices, profits and compensation instituted by the Federal Government in the Anti-Inflation Act effective October 14, 1975. This legislation terminated December 31, 1978.

5. Lease Commitments

Under the terms of a lease agreement dated October 1, 1976, the Commission is committed to lease four Trans Europ Express-1 diesel-electric trainsets and major exchange spare components from the Urban Transportation Development Corporation Ltd., (UTDC). The agreement provides for a net, net lease between the Commission and UTDC for a term of sixty-three months commencing May 4, 1977. Rent paid during the current year was \$1,000,000 with the balance payable by the Commission, in advance, in six semiannual payments of \$500,000 each.

The Commission's subsidiary, Star Transfer Limited, entered into a capital lease agreement for 50 trailers effective January 1, 1978, for 85 months to January 31, 1985, at a capital cost per unit of \$22,000 requiring aggregate payments of \$231,000 annually.

6. Debenture

This debenture represents partial financing for the construction of the new Toronto Terminal of Star Transfer Limited, and is secured by a first mortgage on the property and buildings thereof and the general credit of the Ontario Northland Transportation Commission. The outstanding amount of the debenture is redeemable by semiannual instalments of \$62,500 payable through December 30, 1982, and a final instalment of \$1,937,500 payable December 30, 1983. Interest is payable on the unredeemed balance at the rate of 10 per cent per annum payable semiannually.

7. Capital Restructuring

The Province of Ontario has made certain recommendations respecting the capital restructuring of the Ontario Northland Transportation Commission. Such recommendations are contained in a Memorandum of Understanding between the Ministry of Northern Affairs and the Commission, and although unsigned, became effective January 5, 1978, subject to approval by order-in-council. Pursuant to these recommendations, \$5,000,000 of demand loans from the Province were converted to non-interest bearing loans and proceeds from a 25 year 9.325 per cent serial debenture for \$37,500,000, held by the Treasurer of Ontario, retired the balance of demand loans and provided for additional capital commitments as required. Terms of the debenture provide for only interest payments to 1983 after which both principal and interest payments will commence. The Commission is authorized to borrow up to \$1,000,000 from chartered banks for working capital requirements provided such loans are not guaranteed by the Province of Ontario.

Certain services are to be designated as non commercial operations and are to receive full subsidy, including an allowance for a return on any assets employed. Pending resolution of these matters, the signing of the agreement and request for order-in-council approval have been delayed.

8. Comparative Figures

In 1977 and prior, the Contributory Pension Fund was included in the financial statements of the Commission as a Schedule of Transactions and Fund Balance. In 1978 a Statement of Transactions and Fund Balance has been prepared and reported on separately.

TORONTO AREA TRANSIT OPERATING AUTHORITY

Notes to Financial Statements
for the year ended March 31, 1979
(In thousands of dollars)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**(a) General**

Financial statements are prepared on the accrual basis using commercial accounting practices.

(b) Spare parts and supplies

Spare parts and supplies are valued at the lower of cost and replacement cost. Cost in respect of items acquired from the Ministry of Transportation and Communications on April 1, 1975, was determined as replacement cost as at that date. The Authority uses the first-in, first-out method to record transfers from spare parts and supplies.

(c) Fixed assets

Fixed assets are valued at cost. Cost in respect of assets acquired from the Ministry of Transportation and Communications on April 1, 1975, was determined as replacement cost as at that date, less depreciation calculated on the replacement values on a straight-line basis.

The Authority provides for the depreciation and amortization of the various classes of assets over their respective estimated useful lives, employing the following rates on the straight-line basis:

Buildings and equipment

Buildings.....	Varying rates between 5% and 20%
Locomotive and auxiliary power control units.....	4%
Rail rolling stock.....	4%
Buses.....	Varying rates between 8% and 14%
Parking lots.....	5%
Sundry.....	Varying rates between 5% and 25%
Improvements to railway right of way and to railway plant.....	Varying rates between 5% and 33%

When assets are sold or otherwise disposed of, the related asset values and accumulated depreciation are removed from the respective accounts. Gains or losses on disposition are recorded in the statement of operations.

(d) Commuter services revenue

Revenue is recognized when the transportation service is provided. Unearned amounts are treated as current liabilities.

(e) Subsidies

Operating subsidies paid by the Province of Ontario are treated as reductions of operating losses.

2. BUILDINGS AND EQUIPMENT

	1979			1978
	Cost	Accumulated depreciation	Net book value	Net book value
Buildings.....	\$ 3,416	\$ 625	\$ 2,791	\$ 907
Locomotive and auxiliary power control units.....	13,069	2,995	10,074	6,673
Other railway rolling stock.....	72,106	7,716	64,390	34,407
Buses.....	11,453	3,165	8,288	9,365
Parking lots.....	1,662	303	1,359	962
Sundry.....	701	206	495	452
	<u>\$102,407</u>	<u>\$15,010</u>	<u>\$87,397</u>	<u>\$52,766</u>

3. TORONTO TRANSPORTATION TERMINAL PROJECT

The Toronto Transportation Terminal Project initially involved the Province of Ontario, the Authority, the Government of Canada, the Canadian National Railway, Canadian Pacific Limited and the Toronto Terminals Railway Company. As the parties could not reach agreement on a satisfactory cost sharing arrangement for the capital costs of the project, work is proceeding at the Authority's expense on a modified program which provides only for the immediate needs of GO Transit services.

TORONTO AREA TRANSIT OPERATING AUTHORITY

OPERATING AGREEMENTS

The services provided by the Authority are operated by outside parties using vehicles and rolling stock owned by the Authority. These services are governed by the following agreements:

<i>Party</i>	<i>Period of Agreement</i>
Canadian National Railway	June 1, 1977 to May 31, 1987
Gray Coach Lines	Agreement for period January 1, 1976 to December 31, 1978 remaining in force until new agreement is signed.
Travelways Maple Leaf Limited	Agreement for period May 1, 1978 to April 30, 1979 remaining in force until new agreement is signed.

LEASE COMMITMENTS

Long-term leases in effect at March 31, 1979 expire in varying periods from three to eighteen years and require minimum annual rental payments of \$600,000.

CAPITAL COMMITMENTS

The nature and amount of capital commitments undertaken by the Authority are outlined below:

Contract for the purchase of bi-level commuter coaches and various spare parts net of progress payments made to March 31, 1979.....	\$ 600
Agreement for improvements to the rail right of way on the Streetsville/Milton corridor. . .	33,500
Estimates of other costs associated with the improvements to the Streetsville/Milton corridor.....	12,500
Contract for the construction of the Downsview bus maintenance facility net of payments made to March 31, 1979.....	2,300
Contract for the construction of the Willowbrook rail maintenance facility net of payments made to March 31, 1979.....	14,100
Agreement for the development of the Toronto Transportation Terminal Project as mentioned in Note 3, net of payments made to March 31, 1979.....	34,000
	<u>\$97,000</u>

PENSIONS

The Authority provides pension benefits for its employees through participation in the Public Service Superannuation Fund established by the Province of Ontario. The Province is amortizing the unfunded liability of the plan through a series of annual payments and has charged the Authority for its share of such payments for the year.

Auditor's Report

To the Members of the Toronto Area Transit Operating Authority and to the Minister of Transportation and Communications.

The balance sheet of the Toronto Area Transit Operating Authority as at March 31, 1979 and the statements of operations, equity and changes in financial position for the year then ended have been examined. The examination was made under my direction by the auditor appointed by the Authority and I have relied on the work and report of the auditor so appointed. The examination was made in accordance with generally accepted auditing standards and accordingly included such tests and other procedures as were considered necessary in the circumstances including those necessary to rely on the work and report of the appointed auditor.

In my opinion, these financial statements present fairly the financial position of the Authority as at March 31, 1979 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Authority and to the Minister.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

Toronto, Ontario,
August 15, 1979.

Director

Director

THE ONTARIO TRANSPORTATION DEVELOPMENT CORPORATION

Notes to Balance Sheet
for the year ended December 31, 1978

1. DEFICIT

Deficit is made up as follows:

\$

Surrender of Krauss Maffei Licence for which 1,700,000 common shares of the company were originally issued at an ascribed value of \$3 per share	5,122,023
Net assets as of August 29, 1975, transferred to Urban Transportation Development Corporation Ltd., without consideration to the company (shares issued directly to the Minister of Transportation and Communications)	6,278,057
Accumulated losses for years ended December 31, 1973, 1974 and 1975	887,444
	<u>12,287,524</u>

2. CANCELLATION OF INCOME DEBENTURE DUE FROM AFFILIATE

An affiliated corporation is carrying out, under contract with the Ministry of Transportation and Communications (MTC), a development program in several phases in respect of an Intermediate Capacity Transit System. Until June 30, 1978, the program was being funded by the Treasurer of Ontario through the purchase of an income debenture issued by The Ontario Transportation Development Corporation who in turn advanced these funds to the affiliated corporation in exchange for a similar income debenture. Contract amendments as of June 30, 1978, provided for the cancellation of the outstanding income debentures, and that the MTC fund the program by payment directly to the affiliate through a fee for service arrangement.

AUDITORS' REPORT TO THE SHAREHOLDER

We have examined the balance sheet of The Ontario Transportation Development Corporation as at December 31, 1978. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, the balance sheet presents fairly the financial position of the corporation as at December 31, 1978 in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Toronto, Ontario,
May 2, 1979.

URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

Notes to Consolidated Financial Statements
for the year ended December 31, 1978

1. ACCOUNTING POLICIES

- (a) Consolidation
These financial statements include the accounts of the corporation and its wholly-owned subsidiary.
- (b) Inventories
Inventories are valued at the lower of actual cost by specific identification and net realizable value.
- (c) Deferred production expenses
Expenditures on long-term contracts are deferred until such time as deliveries are made.
- (d) Fixed assets
Depreciation commences when the asset is put into service and terminates upon disposal.
ICTS-Test track—The test track presently under construction will be depreciated over the estimated life of the current phase of the ICTS program of approximately one year.
Other operations—Buildings, automotive vehicles and furniture and equipment are being depreciated by the declining balance method at rates of 5%, 30% and 20% per annum respectively.
Leasehold improvements are being amortized over the term of the lease plus one renewal period.
- (e) Deferred development costs
The corporation defers expenditures which are identified with those specific projects for which, in management's opinion, marketable products have been designed and commercial markets identified. These costs are being amortized over their estimated period of benefit commencing with significant commercial usage of related products.
- (f) Deferred revenue
Revenues on long-term contracts are deferred until such time as deliveries are made.
Reimbursements of expenditures on fixed assets are deferred and taken into income in the same manner as depreciation is recorded on the related fixed assets.
- (g) Translation of foreign currencies
Amounts receivable and payable in foreign currencies are generally covered by forward exchange contracts entered into at the time of the related transaction and are translated at the exchange rates in those contracts. Any other amounts are translated at rates approximating those in effect at the end of the year. Translation gains and losses are included in determining net earnings in the year in which the exchange rate changes.

2. CHANGE IN STATEMENT PRESENTATION

1977 figures are reclassified on a basis consistent with the 1978 presentation.

3. SHORT-TERM DEPOSITS AND NOTES

Included in short-term deposits and notes is an amount of \$8,063,000 pledged as a bid bond deposit. Subsequent to December 31, 1978 the bid bond was released and the security discharged.

4. DEFERRED PRODUCTION EXPENSES

As part of its light rail program, the corporation has received an order for 196 streetcars and spares. Expenditures relating thereto, principally the cost of cars and propulsion systems for the 190 units remaining to be delivered, are classified as deferred production expenses on the accompanying balance sheet.

URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

Notes to Consolidated Financial Statements
for the year ended December 31, 1978

5. FIXED ASSETS

	1978		1977
	Cost	Accumulated depreciation (in thousands of dollars)	Net
ICTS—Phase 3	12,050	—	12,050
Other operations—

Area services	420	—	420
Sub-station and equipment	76	—	76
	3,715	307	3,408
Leasehold improvements at cost, less amortization of \$50			100
			15,558

6. RENTAL EQUIPMENT

The corporation has leased four Trans-Europe Express (TEE) Trains for approximately a five year term at an annual rental of \$1,000,000, after which the lessee has the option to purchase the TEE trains at a price of \$400,000. Rental revenue and depreciation of rental equipment are being recognized on a straight-line basis over the term of the lease.

7. DEVELOPMENT AND DESIGN COSTS

	1978 (in thousands of dollars)	1977 (in thousands of dollars)
Small bus	—	164
Light rail vehicle	4,402	4,378
OTACO transit seat	—	40
	4,402	4,582

8. BANK ADVANCES AND SHORT-TERM LOANS

Deposits and notes in the amount of \$14,000,000 have been pledged as security for bank advances and short-term loans.

9. LONG-TERM DEBT

	1978 (in thousands of dollars)	1977 (in thousands of dollars)
9.85% note payable to Canadian Imperial Bank of Commerce, due May 31, 1982 repayable in semi-annual instalments of \$300,000	2,100	2,700
Current portion of long-term debt	600	600
	1,500	2,100

The note is secured by the rental equipment and an assignment of the rents and other amounts receivable under the lease.

URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

Notes to Consolidated Financial Statements
for the year ended December 31, 1978

10. CANCELLATION OF INCOME DEBENTURE DUE TO AFFILIATE

The corporation is carrying out, under contract with the Ministry of Transportation and Communications (MTC), a development program in several phases in respect of an intermediate capacity transit system (ICTS). Until June 30, 1978, the program was being funded by the Treasurer of Ontario through the purchase of an income debenture issued by The Ontario Transportation Development Corporation (OTDC) who in turn advanced these funds to UTDC in exchange for a similar income debenture.

Contract amendments as of June 30, 1978, provided for:

- (a) Phase III of the program from its commencement in 1976 to be funded by MTC through a fee for service arrangement involving the sale of ICTS technology to MTC for payment of development costs.
- (b) UTDC to retain an exclusive license to the technology and the ICTS test site and facility.
- (c) The cancellation of the outstanding income debenture.

The corporation has treated funds advanced to June 30, 1978 under the income debenture as follows:

	\$000's
Extraordinary adjustment	22,443
Deferred revenue arising from reimbursements of expenditures on fixed assets (note 1(f))	6,310
Total income debenture cancelled	<u>28,753</u>

11. REORGANIZATION OF SHAREHOLDERS' EQUITY

UTDC acquired the net assets of The Ontario Transportation Development Corporation as at August 29, 1975 in exchange for shares of the corporation. The shareholders' equity accounts of The Ontario Transportation Development Corporation at that date were as follows:

	\$000's
Capital stock	11,100
Contributed surplus	1,188
Deficit	(6,009)
	<u>6,279</u>

Development costs of \$5,960,668 related to Phases I and II of the ICTS Program have been reimbursed by a shareholder as follows:

	\$000's
To The Ontario Transportation Development Corporation	1,188
To Urban Transportation Development Corporation Ltd.	4,773
	<u>5,961</u>

A resolution of the shareholder of the corporation on December 21, 1978, approved a capital reorganization whereby that part of the deficit attributable to the development costs referred to above was eliminated by offsetting reductions to capital stock and contributed surplus as follows:

	\$000's
Capital stock	1,188
Contributed surplus	4,773
Deficit	<u>5,961</u>

URBAN TRANSPORTATION DEVELOPMENT CORPORATION LTD.

Notes to Consolidated Financial Statements
for the year ended December 31, 1978

12. COMMITMENTS

The corporation has entered into or assumed responsibility for the following significant contracts:

Light rail vehicle program

The corporation has received an order for 196 streetcars and spares to be delivered by 1980 at an approximate selling price in 1977 dollars of \$96,900,000.

Purchase commitments relating thereto, principally on the design, development, production and testing of the first 16 units and the cost of cars and propulsion systems for the 190 units, amount to approximately \$90,200,000, of which \$44,900,000 has been expended to date.

Intermediate capacity transit system

Purchase commitments relating to design and development, including construction, installation and testing of a development system and test facility, amount to \$49,100,000 of which \$36,044,000 has been expended to date.

13. REMUNERATION OF DIRECTORS AND SENIOR OFFICERS

There are eight directors and five officers of the corporation. Two of the directors are also officers of the corporation. The aggregate remuneration of officers for the year amounted to \$296,000. The aggregate remuneration of the directors for the year amounted to \$20,000.

14. INCOME TAXES

The corporation is exempt from income taxes under Section 149(1)(d) of The Income Tax Act.

Auditors' Report to the Shareholders

We have examined the consolidated balance sheet of Urban Transportation Development Corporation Ltd. as at December 31, 1978 and the consolidated statements of earnings, retained earnings, contributed surplus and changes in financial position for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of the corporation as at December 31, 1978 and the results of its operations and the changes in its financial position for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

To The Ontario Education Capital Aid Corporation and
to the Treasurer of Ontario.

I have examined the balance sheet of The Ontario Education Capital Aid Corporation as at March 31, 1979 and the statement of revenue and expenditure for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the financial position of the Corporation as at March 31, 1979 and the results of its operations for the year then ended in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Corporation and, in accordance with section 11 of The Ontario Education Capital Aid Corporation Act, to the Treasurer of Ontario.

Member

To The Ontario Universities Capital Aid Corporation and
to the Treasurer of Ontario.

I have examined the balance sheet of The Ontario Universities Capital Aid Corporation as at March 31, 1979 and the statement of receipts and disbursements for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion, these financial statements present fairly the recorded assets and liabilities of the Corporation as at March 31, 1979 and its receipts and disbursements for the year then ended in accordance with the cash basis of accounting applied on a basis consistent with that of the preceding year.

A report on the audit has been made to the Corporation and, in accordance with section 13 of The Ontario Universities Capital Aid Corporation Act, to the Treasurer of Ontario.

Toronto, Ontario,
June 22, 1979.

F. N. SCOTT, F.C.A.,
Provincial Auditor.

A GUIDE TO PUBLIC ACCOUNTS

1. SCOPE OF THE PUBLIC ACCOUNTS

The 1978-79 Public Accounts of the Province of Ontario comprise three volumes:

Volume 1 contains the financial statements of the Province and schedules of supporting information.

Volume 2, a supplementary volume, contains the financial statements of those provincial crown corporations, boards and commissions in which the Province has an investment or which have borrowed from the Province or from others with a guarantee by the Province. Also included are certain significant operational agencies which are funded in whole or in part by revenues generated from their operations.

Volume 3, also a supplementary volume, contains the details of expenditures required by the Standing Public Accounts Committee.

2. A GUIDE TO VOLUME 3 OF THE PUBLIC ACCOUNTS

Details of expenditure are reported under the following categories for each ministry:

(1) Voted Appropriations

(a) Salaries and Wages

Listed are the salary rates of those employees on staff at March 31, where the annual rate is in excess of \$25,000. Also listed are temporary help suppliers who received payments accumulating to more than \$10,000.

(b) Employee Benefits

(c) Travelling Expenses

Individuals whose total travelling expenses were more than \$2,500 are listed alphabetically. The travelling expenses of Ministers, Parliamentary Assistants and Deputy Ministers are included regardless of amount.

(d) Other Payments

Recipients of payments accumulating to more than \$10,000 are listed in alphabetical sequence under various subheadings appropriate to the individual ministry.

(2) Statutory Appropriations

Amounts paid are listed by individual Statutory Appropriation.

OFFICE OF THE LIEUTENANT GOVERNOR

Hon. Pauline McGibbon, Lieutenant Governor
